(German Cemetery, La Cambe, Normandy, 2003,
Computer Terminal)

"To find a fallen person," it says, "push green key."
Fill in name, last name, first name, I put in
Klein. 210 Kleins in the Soldatenfriedhof.
I scroll. Klein stays the same.
The first name changes, rank, row, plot.
No. The graveyard changes too. At 88 Klein's in
Colleville (US graveyard). At 93 he's in the British one (Bayeux).
Have you found your fallen person says the program
when I go back to the home page. No slot for
nationality. None for religion. Just date of
birth,
then rank, row, plot, and field come forth. I'm staring at
the soundless
screen. Keys very large for easy use.
Back through the doorway there's the
field. 21,222 German soldiers. Some named, some not.
Inside the office now a wide face looking up.
When is the last time a new man was found, I ask.
Here it is full, he says, people now go to Saint André.
So there are no new bodies being found?
Oh no. No, no. Just last month eight—
here look, pulling a red file from a stack.
Look—and it's open—here, you'll see.
A name, a question mark, a print of teeth of which two

Overlord Jorie Graham, 2006-02-28 What does it mean to be fully present in a human life How in the face of the carnage of war the no longer merely threatened destruction of the natural world the faceless threat of spiritual oversimplification and reactive fear does one retain one's capacity to be both present and responsive And to what extent does our capacity to be present to be fully ourselves depend on our relationship to an other and our understanding of and engagement with otherness itself With what forces does the sheer act of apprehending make us complicit What powers lord over us and what do we as a species and as souls lord over These are among the questions Jorie Graham in her most personal and urgent collection to date undertakes to explore often from a vantage point geographically as well as historically other Many of the poems take place along the coastline known as Omaha Beach in Normandy and move between visions of that beach during the Allied invasion of Europe whose code name was Operation Overlord and that landscape of beaches fields and hedgerows as it is known to the speaker today In every sense the work meditates on our new world ghosted by and threatened by competing descriptions of the past the future and what it means to be as individuals and as a people free **Overlord**, 2007
