Owen Wingrave:

Owen Wingrave (1892) Henry James, 2015-05-06 This early work by Henry James was originally published in 1892 and we are now republishing it with a brand new introductory biography Henry James was born in New York City in 1843 One of thirteen children James had an unorthodox early education switching between schools private tutors and private reading James published his first story A Tragedy of Error in the Continental Monthly in 1864 when he was twenty years old In 1876 he emigrated to London where he remained for the vast majority of the rest of his life becoming a British citizen in 1915 From this point on he was a hugely prolific author eventually producing twenty novels and more than a hundred short stories and novellas as well as literary criticism plays and travelogues Amongst James's most famous works are The Europeans 1878 Daisy Miller 1878 Washington Square 1880 The Bostonians 1886 and one of the most famous ghost stories of all time The Turn of the Screw 1898 We are republishing these classic works in affordable high quality modern editions using the original text and artwork **Owen Wingrave** Benjamin Britten, 1998-12 Owen Wingrave Benjamin Britten, 1971 *Owen Wingrave* Henry James, 2013-03-01 Bonded Leather binding **Critical Companion to Henry James** Eric L. Haralson, Kendall Johnson, 2009 Examines the life and writings of Henry James including detailed synopses of his works explanations of literary terms biographies of friends and family and social and historical influences *Owen Wingrave* Benjamin Britten, Myfanwy Piper, 1973 **Rethinking Britten** Philip Rupprecht, 2013-09-19 This book offers a new account of the composer's enduring popularity 12 essays by a group of leading senior and emerging scholars offer fresh historical and interpretive contexts for all phases of Britten's career Britten, Le tour d'écrou, 1996 *Storytelling in Opera and Musical Theater* Nina Penner, 2020-10-06 Storytelling in Opera and Musical Theater is the first systematic exploration of how sung forms of drama tell stories Through examples from opera's origins to contemporary musicals Nina Penner examines the roles of character narrators and how they differ from those in literary and cinematic works how music can orient spectators to characters points of view how being privy to characters' inner thoughts and feelings may evoke feelings of sympathy or empathy and how performers' choices affect not only who is telling the story but what story is being told Unique about Penner's approach is her engagement with current work in analytic philosophy Her study reveals not only the resources this philosophical tradition can bring to musicology but those which musicology can bring to philosophy challenging and refining accounts of narrative point of view and the work performance relationship within both disciplines She also considers practical problems singers and directors confront on a daily basis such as what to do about Wagner's Jewish caricatures and the racism of Orientalist operas More generally Penner reflects on how centuries-old works remain meaningful to contemporary audiences and have the power to attract new more diverse audiences to opera and musical theater By exploring how practitioners past and present have addressed these issues Storytelling in Opera and Musical Theater offers suggestions for how opera and musical theater can continue to entertain and enrich the lives of 21st century audiences

Race, Politics, and Irish America Mary M. Burke, 2022 Considers three centuries of writers and creatives of mostly Scots Irish and post Famine Irish descent whose work examines moments of entwined racial social and political transformation for those of that identity in America

The New Grove Book of Operas Stanley Sadie, 1996 This book combines meticulous scholarship with a lightness of touch that will delight the opera goer The fascinating illustrations bring an amusing dimension showing how opera has been staged from its beginnings to modern deconstructed productions The operas are listed in alphabetical order In addition to a full synopsis of every plot there is a cast list and a note of the singers in the original production as well as information about the origins of the work and its literary and social background Each contribution concludes with a brief comment on its place in operatic history There is also a listing by composer a glossary and indexes of the names of operatic characters and the first lines of arias so if you are not sure which opera Gilda or Agathe sings in or are apt to confuse Vespina with Despina your problem is quickly solved

Television Opera Jennifer Barnes, 2003 This book contrasts the buoyant initial intentions of television's policy makers and creative advisers with the subsequent inability for various reasons to deliver as intended The decline in the relationship between television and its commissioned operas is charted through three case studies Menotti's Amahl and the Night Visitors NBC Britten's Owen Wingrave BBC and Gerald Barry's The Triumph of Beauty and Deceit Channel 4 the first a live broadcast the second a video recording and the third a filmed opera made for television
