

# Introduction

The Oxford University Style Guide aims to provide a guide to writing and formatting documents written by staff on behalf of the University (or one of its constituent departments etc). It is part of the University's branding toolkit ([www.ox.ac.uk/branding\\_toolkit](http://www.ox.ac.uk/branding_toolkit)) which enables the University's formal documentation to be presented consistently across all communications.

The style guide is not intended for public or external use, and does not purport to compete with OUP's professional writing guides and dictionaries.

## Objectives of the style guide

We have three main objectives in writing this style guide:

- to provide an all-purpose guide to consistent presentation for University staff in written communications
- to review the guide at least once a year, ensuring that it properly reflects modern usage and is fit for purpose, and to update it as required
- as part of the review process, to invite proposals from members of the University who disagree with any existing guidance, and to act as an arbiter on those cases.

## How the guide is arranged

The style guide is intended to be read as an interactive PDF, where it can be cross-referenced. However, the PDF can be printed if preferred for ease of reference.

If we update the style guide we will highlight on the main webpage ([www.ox.ac.uk/styleguide](http://www.ox.ac.uk/styleguide)) whether anything has changed as well as changing the term listed on the front cover.

## How to use the guide

- search for a specific term (such as [semicolons](#))
- browse through a section (such as [Punctuation](#))

## What is/is not included in the style guide

The guide does not tell you how to write. We aim to help you write correctly, and to encourage consistency across the University's written communications.

## Quick reference guide

### The general rule

If there are multiple (correct) ways of doing something, choose the one which uses the least space and the least ink. For instance:

- close up spaces and don't use full stops in abbreviations (eg [tspn](#))
- use lower case whenever possible
- only write out numbers up to ten and use figures for 11 onwards.

## University of Oxford or Oxford University?

These terms are interchangeable and can either be alternated for variety or kept the same for consistency.

## University branding information

Other information on University branding, including the use of the logo, can be found online at [www.ox.ac.uk/branding\\_toolkit](http://www.ox.ac.uk/branding_toolkit).
