Shelley Fisher Fishkin, 1996-12-12 Mark Twain has been called the American Cervantes our Homer our Tolstoy our Shakespeare Ernest Hemingway maintained that all modern American literature comes from one book by Mark Twain called Huckleberry Finn President Franklin Delano Roosevelt took the phrase New Deal from A Connecticut Yankee in King Arthur's Court Twain's Gilded Age gave an entire era its name Twain is everywhere in ads for Bass Ale in episodes of Star Trek as a greeter in Nevada's Silver Legacy casino Clearly the reports of his death have been greatly exaggerated In *Lighting Out for the Territory* Twain scholar Shelley Fisher Fishkin blends personal narrative with reflections on history literature and popular culture to provide a lively and provocative look at who Mark Twain really was how he got to be that way and what we do with his legacy today Fishkin illuminates the many ways that America has embraced Mark Twain from the scenes and plots of his novels to his famous quips to his bushy haired white suited persona She reveals that we have constructed a Twain often far removed from the actual writer For instance we travel to Hannibal Missouri Mark Twain's home town a locale that in his work is both the embodiment of the innocence of childhood and also an emblem of hypocrisy barbarity and moral rot The author spotlights the fact that Hannibal today attracts hundreds of thousands of tourists and takes in millions yearly by focusing on Tom Sawyer's boyhood exploits marble shoots and white washed fences and ignoring Twain's portraits of the darker side of the slave South The narrative moves back and forth from modern Hannibal to antebellum Hannibal and to Mark Twain's childhood experiences with brutality and slavery Her exploration of those subjects in his work shows that Tom Sawyer's fence isn't the only thing being white washed in Hannibal Fishkin's research yields fresh insights into the remarkable story of how this child of slaveholders became the author of the most powerful anti racist novel by an American

Whether lending his name to a pizza parlor in Louisiana a diner in Jackson Heights New York or an asteroid in outer space whether making cameo appearances on Cheers and Bonanza or turning up in novels as a detective or a love interest Mark Twain's presence in contemporary culture is pervasive and intriguing Fishkin's wide ranging examination of that presence demonstrates how Twain and his work echo ripple and reverberate throughout our society We learn that Walt Disney was a great fan of Twain's fiction in fact Tom Sawyer's Island in Disneyland is the only part of the park that Disney himself designed as is Chuck Jones who credits the genesis of cartoon character Wile E Coyote to the comic description of a coyote in *Roughing It* We learn of Mark Twain impersonators Hal Holbrook for instance has played Twain in some 1 500 performances and recent movie versions of Twain books such as *A Million to Juan* And we discover how Twain's image can be seen in claymation in animatronics and robotics in virtual reality and on any number of home pages on the Internet *Lighting Out for the Territory* offers an engrossing look at how Mark Twain's life and work have been cherished memorialized exploited and misunderstood It offers a wealth of insight into Twain into his work and into our nation both past and present
