society in which culture has ceased to exist Surveying the contemporary scene Mr Eliot points out that our standards of culture are lower than they were fifty years ago finds evidence of this decay in every department of human activity and sees no reason why the decay of culture should not proceed much further He suggests that culture and religion have a common root and that if one decays the other may die too He reminds us that the Russians have been the first modern people to practise the political direction of culture consciously and to attack at every point the culture of any people whom they wish to dominate The appendix includes his broadcasts to Europe ending with a plea to preserve the legacy of Greece Rome and Israel and Europe s legacy throughout the last 2 000 years Behind the urbanity the modesty the mere good manners of Mr Eliot s exposition one cannot mistake the force and significance of what he has to say or ignore that it constitutes a fundamental attack on most of our assumptions on the subject THE LONDON SPECTATOR Provided by publisher Acts of Meaning Jerome Seymour Bruner,1993-01-01 Bruner argues that the cognitive revolution with its fixation on a computational model of mind has led psychology away from the deeper objective of understanding mind as a creator of meanings Only by breaking out of the limitations of this model can we grasp the interaction through which mind both constitutes and is constituted by culture The Best Definition of Culture Albert Blumenthal,1937 **Man and Culture** Clark Wissler,1923 1923 A group of lectures given by Wissler at the State Universities of Michigan Iowa Nebraska and Kansas and also before the Anthropological Society of St Louis and the Galton Society of New York The object of these lectures was to present the problems and scope of contemporary anthropology and recognizing that the most pertinent question before us as a people is the relation of civilization to man the emphasis in these pages has been placed upon culture and its biological background
