

# **Ritual and Mantras: Rules Without Meaning**

*Ritual and Mantras: Rules Without Meaning* is an original study of ritual and mantras which shows that rites lead a life of their own, unaffected by religion or society. In its analysis of Vedic ritual, it uses methods inspired by logic, linguistics, anthropology and Asian studies. New insights are offered into various topics including music, bird song and the origin of language. The discussion culminates in a proposal for a new human science that challenges the current dogma of "the two cultures" of sciences and humanities.

Frits Staal, Professor Emeritus of Philosophy and of South Asian Languages at the University of California, Berkeley, studied and taught in Europe, Asia and the United States. His interests range from logic to the human sciences. His books in English include *Advaita and Neoplatonism*, *Nambudiri Veda Recitation*, *Exploring Mysticism*, *The Science of Ritual*, *Agni: The Vedic Ritual of the Fire Altar*, *Universals: Studies in Indian Logic and Linguistics* and *The Cloud of Knowing: Concepts of Science in Europe and Asia*.

*Structure, Meaning and Ritual in the Narratives of the Southern San* Roger Hewitt,2008-08-01 Analyses texts drawn from the Bleek and Lloyd Archive arguably one of the most important collections for the understanding of South African cultural heritage and in particular the traditions of the Xam South Africa's first people Initially appearing in a now rare 1986 edition and here re issued for the first time the doctoral thesis on which the book is based became the catalyst for much scholarly

research The book offers an analysis of the entire corpus of Xam narratives found in the Bleek and Lloyd collection focusing particularly on the cycle of narratives concerning the trickster Kaggen Mantis These are examined on three levels from the deep structures with resonances in other areas of Xam culture and supernatural belief through the recurring patterns of narrative composition apparent across the cycle and finally touching on the observable differences in the performances by the various Xam collaborators Hewitt s text remains the only comprehensive and detailed study of Xam narrative and it has become itself the object of study by researchers and PhD candidates in South Africa the United Kingdom Canada and elsewhere This new edition at last makes Hewitt s important work more widely available It will be a welcome addition to the recently burgeoning literature on the place of the Xam hunter gatherers in the complex history of South African culture and society
