Meaning Of Righteousness In Paul A Linguistic And Theological Enquiry:

The Meaning of Righteousness in Paul J. A. Ziesler, 2004-12-02 A study of a group of terms which have a central importance in the New Testament

Paul's Glory-Christology Carey C. Newman, 2014-04-09 In 1927 C. A. A. Scott while commenting on the apostle Paul's Christology remarked that the history of the word Glory in the Bible has yet to be written. By using methodology developed in semantics, semiotics and more generally literary theory, Newman examines the origin and rhetoric of Paul's Glory Christology. The investigation involves three distinct tasks: 1 to plot the tradition history of Glory which formed part of Paul's linguistic world; 2 to examine Paul's letter in light of the reconstructed tradition history of Glory in order to discern the rationale of Paul's identification of Christ as Glory; and 3 to map out the implications of such an identification for Paul's theological and rhetorical strategy. On the basis of this study, four conclusions are reached for understanding Paul. First, Paul inherited a symbolic universe with signs already full of signification. Second, knowing the diachronically acquired connotative range of a surface symbol, e.g. Glory, aids in discerning Paul's precise contingent strategy. Third, knowing the surface symbol's referential power defines and contributes to the deeper structure of Paul's theological grammar. Finally, the heuristic power within the construals of the Glory tradition coalesce in Paul's Christophany and thus provide coherence at the deepest level of Paul's Christology.

Thiselton on Hermeneutics Anthony C. Thiselton, 2006 Hermeneutics is an interdisciplinary study of how we interpret texts, especially biblical texts, in the light of theories of understanding in philosophy, meaning in literary theory, and of theology. This volume brings together the seminal thought of a leading contemporary pioneer in this field. Thiselton's *The Two Horizons* was a classic on how horizons of biblical texts engage creatively with the horizons of the modern world. The author's later *New Horizons in Hermeneutics* explored still more deeply the transforming capacities of biblical texts, while his massive commentary on 1 Corinthians interpreted an epistle. This volume collects many of Anthony Thiselton's more notable writings from some seven books and 70 articles, to which he adds his own re-appraisals of earlier work. It uniquely expounds the thought of a major contemporary British theologian through his own words and includes his own critical assessments.

Paul's Letter to the Romans Colin G. Kruse, 2012-06-14 Paul's Letter to the Romans may well be the most influential book in Christian history. In this Romans commentary, Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator, judge, and redeemer of the world. Valuable additional notes on important theological themes and difficult texts, such as Paul's discussion of same-sex relationships, the salvation of all Israel, and the woman Junia, who was well known among the apostles, further connect Romans to contemporary issues. Throughout his commentary, Kruse expertly guides readers through the plethora of interpretations of Romans, providing a reliable exposition of this foundational epistle.

The Apostle Paul Porter, 2016 There are many introductions to the life, thought, and letters of Paul, the apostle. Some concentrate upon his life, while others focus upon his thought, and still others on his letters. A few of them, like this book, try to integrate all three of

them including on occasion material from the book of Acts into a useful portrait of the man and what he said and thought as revealed through his letters from preface *Patristic Evidence for Jewish-Christian Sects* Albertus Frederik Johannes Klijn, G. J. Reinink, 1973 **The Meaning of Righteousness in Paul** J. A. Ziesler, 1972 **The Two Horizons** Anthony C. Thiselton, 1980 Recent theological and biblical studies have been much concerned about questions of linguistics and hermeneutics How does language convey meaning How can a person today interpret Scripture or any other ancient document written in a culture far different from our own Many in the evangelical community have tended to view hermeneutics as an effort to subordinate the plain message of Scripture to unbiblical philosophical categories As a result these critics have argued human preferences are substituted for divine authority and the ordinary understanding of the obvious meaning of the Bible is taken out of the hands of the everyday reader who is no longer permitted to assume that the text means what it says Thus the problem becomes not one of scholarship alone but has implications for the whole of the Christian life Anthony Thiselton writes from within the evangelical community but he recognizes that genuine scientific biblical study cannot be done without raising questions of hermeneutics and questions of hermeneutics cannot be raised without raising questions about the nature of knowledge the use of language and the scientific presuppositions operative in the mind of the interpreter The hermeneutical problem can be seen as that of trying to fuse two horizons that of the original writer who formulated what he had to say out of a particular historical and intellectual context and that of contemporary interpreters who also have a field of vision in which they respond to what they read the book gives an excellent survey of hermeneutics and also assesses the limits of the contribution philosophy can make to our interpretation of the Bible The issues raised here are numerous and complex but Thiselton brings to his examination a considerable facility for clear exposition of difficult ideas coupled with a critical insight which gives the work a remarkable unity **The Catholic Biblical Quarterly** Wendell Stephen Reilly, 1973 Includes various reports of the Association **Theological Lexicon of the New Testament** Ceslas Spicq, 1994 In this self consciously theological work Spicq's quest is to uncover the religious meaning of the language used in the New Testament Spicq mines the vast resources of epigraphical texts papyri classical writings the Greek Old Testament Hellenistic authors and other sources to inform his study All entries have been keyed to Strong's TDNT and six other lexical resources a work of massive learning and meticulous scholarship The Expository Times

Paul's Gospel and Mission Arland J. Hultgren, 1985 **'Works of the Law' at Qumran and in Paul** Jacqueline C. R. De Roo, 2007 The phrase works of the law occurs only in the Dead Sea Scrolls and in Paul but it has a different connotation in each corpus At Qumran the works of the law are deeds of obedience to God's law and are ultimately inspired by God They function as a means of atonement whether for the individual who performs them or for the sins of others For Paul on the other hand the works of the law are quintessentially the works of Abraham Though they are indeed good deeds Abraham himself was a sinful man and so his deeds could not make atonement for himself or for others In fact Paul is reacting against

the idea of Abraham as a redeemer figure that was held by some of his contemporaries. The phrase works of the law thus takes on a negative coloration in Paul as a deceptively false means of salvation. Against Qumran Paul's position is that justification must be effected apart from works of the law and thus by Jesus Christ. Abraham is no second Adam as some were thinking and his good deeds epitomized in his sacrifice of Isaac had no atoning value. This closely reasoned study makes an important contribution to the study of New Testament theology; it undertakes to settle some long standing debates about Paul's soteriology by proposing an alternative both to traditional interpretation of Paul and to the New Perspective on Paul.

Argumentation and Use of Scripture in Romans 9-11 Filippo Belli, 2010. The dominance of the Scriptures in Romans 9-11 is the decisive factor for their comprehension so that it can be affirmed that here we have an example of scriptural argumentation. This work is a systematic study of how and why Paul's argumentation is combined with the scriptural references in these chapters and consequently it deals with rhetorical analysis and scriptural exegesis together. At every level of the argumentation *inventio dispositio* and *elocutio* it tries to verify how and why the Scriptures enter or not into the rhetorical procedure and in what manner they determine its whole course. The detection and the analysis of Paul's particular method of argumentation through the Scriptures permit a better grasp of the content of Rom 9-11. In this perspective which respects the proper characteristics of the discourse the numerous aporias and difficulties which these chapters pose for exegesis are resolved more easily. The study discovers the innovative way of reading and interpreting Scripture that the Apostle displays in these chapters. As a consequence this permits a better appreciation of the importance that the Scriptures have in Christian proclamation and experience in the way that Paul communicates it to us.

Judgment & Justification in Early Judaism and the Apostle Paul Chris VanLandingham, 2006. Is salvation a gift of God's grace or something God's followers must earn by good works? How do we reconcile the two emphases that salvation is a bestowal of God's mercy and that the final judgment will involve an assessment of the way people have lived during their time on earth? In Paul and Palestinian Judaism 1977 E. P. Sanders defined the terms and laid the groundwork for this crucial debate. Sanders's New Perspective sought to resolve the tension between grace and good deeds by arguing that for the Jews of Paul's day as well as for Paul himself entrance into God's saving covenant was a gift of God's grace while remaining in the covenant required good works done in obedience to God. Sanders's most vigorous opponents have disputed the works side of his formulation taking issue with his contention that obedience is required to retain right standing in God's covenant. In *Judgment and Justification* Chris VanLandingham challenges the grace side of the Sanders thesis arguing that Paul's teaching on salvation following the prevailing Jewish thinking of his time establishes good works as the criterion for salvation at the final judgment. In making his case VanLandingham does a text by text survey of early Jewish literature interacting with a wide range of biblical scholars who deal with the themes of salvation and literature and judgment found in these texts and in the Pauline writings. VanLandingham wraps up this survey with a challenging reassessment of Paul's teaching in the light of the Jewish thinking of
