Woods, 2011-11-01 The emergence of Asia Pacific regionalism as witnessed by the increasing influence of the Asia Pacific Economic Cooperation forum and the annual ASEAN Post Ministerial Conference highlights one of the major trends in late twentieth century geopolitics and international relations Asia Pacific Diplomacy traces the evolution of the Pacific economic cooperation movement by examining the diplomatic contributions of three international nongovernmental organizations INGOs the scholarly Pacific Trade and Development Conference PAFTAD the business oriented Pacific Basin Economic Council PBEC and the multipartite academic business and government Pacific Economic Cooperation Council PECC Lawrence Woods also provides a historical perspective by assessing the work of the Institute of Pacific Relations forerunner of the INGOs This book makes an important contribution to the study of international political and economic institutions It argues that as the regional cooperation movement expands at the governmental level an understanding of the nongovernmental roots of that movement is required if the diplomatic contributions of the INGOs are to be retained *Economic Dynamism in the Asia-Pacific* Grahame Thompson, 2005-10-18 This broad ranging student textbook examines the rise of the Asia Pacific as an important economic region It looks at the sources of that rise its future development and the possible consequences for the global economy The analysis is divided into three sections considering how far the Asia Pacific has developed as a regional system looking at the patterns of integration of the principal economies the relationship between the key individual economies of Japan Korea China and the United States how the rise of the Asia Pacific economy has affected the international economic system In so doing it provides much needed insights not only into the growth of this powerful economic region but also the international context of Asia Pacific development The Pacific Trade and Development Conference Peter Drysdale, 1984 *Monetary Policy in Pacific Basin Countries* Hang-Sheng Cheng, 2012-12-06 The chapters in this book are based on papers prepared for a conference organized by the Federal Reserve Bank of San Francisco held at the bank September 23 25 1987 to review and

compare monetary policy experiences of Pacific Basin countries during the past 15 years The theme of the conference was conceived with two purposes in mind First there was and still is a great need to enhance knowledge on the workings of economies in the Pacific Basin which has been the fastest growing region in the world economy during the past 30 years While much has been written on Pacific Basin trade and economic growth relatively few studies have been published on the conduct of monetary policy in these economies Second as we in the United States and others elsewhere have learned rapid financial market changes over the last 15 years have led to considerable adjustment in the conduct of monetary policy A comparative study of various national experiences can yield insights into the inter actions between monetary policy and financial market changes more than is obtainable by examining individual national experiences separately *IMF Working Paper* ,1996 **The Impact of U.S. Economic Policies on a Commodity-exporting Debtor** Jeffrey A. Frankel,1987 *Capital Market Integration in the Pacific Basin Region* Kate Phylaktis,1995 *ASEAN Economic Cooperation* Federation of ASEAN Economic Associations. Lindauer,Michael Roemer,1994 **The Political Economy of East Asia** Iyanatul Islam,Anis Chowdhury,2000 Within the broad context of development studies this enlightening book critically evaluates the current orthodoxy in light of the Asian crisis and traces the debates among East Asian political economists It is a valuable resource for all students and scholars of East Asian economics and politics *Securities Industry Review* ,1992 **Harvard Business School Core Collection** Baker Library,1999 *Development II* Edward Tower,1995 *Asian Development Outlook* ,1995
