Pakistan Owen Bennett Jones,2009 ASIAN MIDDLE EASTERN HISTORY POSTWAR FROM C 1945 This thoroughly revised and updated edition of Bennett Jones s market leading account of this critical modern state includes fresh material on the Taliban insurgency the Musharraf years the return and subsequent assassination of Benazir Bhutto and the unlikely election as president of Asif Ali Zardari    The Pakistan Cauldron James P. Farwell,2011-10-01 The killing of Osama bin Laden spotlighted Pakistan s unpredictable political dynamics which are often driven by conspiracy theory paranoia and a sense of betrayal In Pakistan the late prime minister Benazir Bhutto famously declared there is always the story behind the story In The Pakistan Cauldron James P Farwell explains what makes Pakistani politics tick Farwell has advised the Department of Defense on terrorism sovereignty and the political issues in the Middle East Africa and Pakistan Here he reveals how key Pakistani political players have inconsistently employed the principles of strategic communication to advance their agendas and undercut their enemies Pakistan is an enigma to many Only by understanding the complex forces that shape Pakistani leaders can we uncover their shifting political agendas and how they affect America and the West Farwell explains how and why former president Pervez Musharraf clamped down on nuclear scientist A Q Kahn and isolated him He assesses Benazir Bhutto s unique legacy and analyzes how Musharraf handled the aftermath of her assassination He explains Pakistan s current instability and demonstrates how the country s emotional reaction to bin Laden s death is best understood as the outcome of long standing political dynamics The Pakistan Cauldron is for anyone who needs to know why Pakistan continues to pose increasingly difficult challenges for the United States and the West    *The Making of Terrorism in Pakistan* Eamon Murphy,2013 This book explains the origins and nature of terrorism in Pakistan and examines the social political and economic factors that have contributed to the rise of political violence there Since 9 11 the state of Pakistan has come to be regarded as the epicentre of terrorist activity committed in the name of Islam The central argument of this volume suggests that terrorism in Pakistan has in essence been manufactured to suit the interests of mundane political and class interests and effectively debunks the myth of Islamic terrorism A logical consequence of this argument is that the most effective way of combating terrorism in Pakistan lies in addressing the underlying political social and economic problems facing the country After exploring the root causes of terrorism in Pakistan the author goes on to relate the historical narrative of the development of the Pakistani state to the theories and questions raised by Critical Terrorism Studies CTS scholars The book will therefore make an important contribution to CTS scholarship as well as presenting an analysis of the many complex factors that have shaped the rise of Pakistani terrorism This book will be of great interest to students of Critical Terrorism Studies Asian history and politics Security Studies and IR in general    Pakistan's Drift Into Extremism Hassan Abbas,2005 This book examines the rise of religious extremism in Pakistan and analyzes its connections to the Pakistan Army s policies and fluctuating U S Pakistan relations It includes profiles of leading Pakistani Jihadi groups with

details of their origins development and capabilities based on interviews with Pakistani intelligence officials and operators of the militant groups The book contains new historical materials on Operation Gibraltar the 1965 war with India the conspiracy behind General Zia ul Haq s plane crash in 1988 a botched military coup by fundamentalists in the army in 1993 94 and lastly about how General Musharraf handled the volatile situation after the 9 11 attacks Besides General Musharraf s detailed profile the book evaluates the India Pakistan relations vis vis the Kashmir conflict and Dr A Q Khan s nuclear proliferation crisis The book offers predictions for Pakistan s domestic and regional prospects Publisher **Transforming Pakistan** Hilary Synott,2012-12-06 This book argues that any strategy for dealing with Pakistan requires an understanding of the country s complex and turbulent history and of the weaknesses of its political and other institutions It describes how in the absence of an inherent national identity successive military and civilian governments have made use of Islam and Kashmir the unfinished business of Partition for political purposes It also examines the role of the army and of its intelligence service the ISI in relation to India Afghanistan and internal political manipulation The nature and history of the tribal regions in Pakistan and Afghanistan which are little understood in the West and which explain much of the animosity towards the US are also described in detail After 9 11 Pakistan s support for counter terrorism and military operations in Afghanistan increased the population s animosity towards the West and hence the government s difficulties in delivering Meanwhile the military leadership hedged its bets by maintaining links with militant organisations and with a re emerged Taliban With the arrival of an elected leadership the emergence of simultaneous political economic and security crises tactical errors by the West and the Mumbai terrorist attacks in late 2008 the situation was complicated further The book concludes with recommendations aimed particularly at the new US administration for a durable long term relationship with Pakistan entailing increased attention and resources devoted to institution building and over time the reduction of the role and influence of the army **America, Pakistan, and the India Factor** N. Mohanty,2013-05-07 This book is not just an update to studies of Middle Eastern policy and diplomacy but an in depth analysis that covers the United States foreign and strategic policy from the days of President Roosevelt to President Obama and Pakistan s security and strategic planning since its inception to 2011 under the shadow of India and Afghanistan **Faultlines** ,2005 Terrorism and internal security in India
