

An aerial photograph of a tropical atoll, likely in the Pacific Ocean. The image shows several small, lush green islands with dense vegetation, surrounded by deep blue water. Some islands have dark, rocky shorelines. The water's color transitions from a deep blue in the open ocean to a lighter turquoise near the shore, indicating a shallow reef flat or lagoon. The overall scene is serene and beautiful, capturing the natural beauty of a remote island location.

*Technology Transfer and Innovation for Low-Carbon Development* Miria Pigato, Simon Black, Damien Dussaux, Zhimin Mao, Ryan Rafaty, Simon Touboul, 2020-04-09 Technological revolutions have increased the world's wealth unevenly and in ways that have accelerated climate change This report argues that achieving The Paris Agreement's objectives would require a massive transfer of existing and commercially proven low carbon technologies LCT from high income to developing countries where the bulk of future emissions is expected to occur This mass deployment is not only a necessity but also an opportunity Policies to deploy LCT can help countries achieve economic and other development objectives like improving human health in addition to reducing greenhouse gases GHGs Additionally LCT deployment offers an opportunity for countries with sufficient capabilities to benefit from participation in global value chains and produce and export LCTs Finally the report calls for a greater international involvement in supporting the poorest countries which have the least access to LCT and finance and the most underdeveloped physical technological and institutional capabilities that are essential to benefit from technology

**The Palgrave Handbook of Asia Pacific Higher Education** Christopher S. Collins, Molly N.N. Lee, John N. Hawkins, Deane E. Neubauer, 2016-10-06 This volume seeks to identify and explore the forces affecting higher education in the Asia Pacific region today It includes a set of conceptually rich organizing chapters followed by detailed country specific studies that detail both the underlying dynamics of these forces and the manner in which they have affected specific countries In this way the chapters touch on the complex demographics of the region how continued and continuous economic development impinges on higher education and how neoliberalism has affected higher education across many dimensions The volume also addresses the complex issues associated with cross border education and the daunting challenges of both national and cross national quality assurance
