Painted Moon:

Painted Moon Karin Kallmaker, 1994 Jackie Frakes is a talented architectural intern whose life has fallen into unsatisfying patterns both personally and professionally. Renowned artist Leah Beck is exhibited in galleries nationwide. But her life has darkened with the death of her lover Sharla. Trapped by a mountain snow storm over Thanksgiving weekend, Jackie is rescued by Leah. The snowbound weekend in Leah's cabin shakes the very foundations of Jackie's life. As for Leah, Jackie provides renewal and inspiration for her work. And the exhibition of PAINTED MOON, her new series, will reveal Leah as never before as a lesbian artist. With their relationship increasingly torn by conflict and misunderstanding, the winter weekend together will surely be their last. Then intervention comes from a most unlikely source. Publisher's description **Polychrome**

Sculpture Johannes Taubert, 2016-02-15 In the decades since its initial publication in German in 1978, *Polychrome Sculpture* has come to be widely regarded as a watershed text on the making and meaning of European medieval and Baroque painted wood sculpture. An early proponent of interdisciplinary research, Johannes Taubert played a pioneering role in combining the rigorous scientific analysis of materials with a fuller understanding of form and function, an approach that has led to the development of technical art history as practiced today. Many of the essays in this volume apply such scientific techniques as microscopic analysis to an art historical understanding of Romanesque and late Gothic wood sculpture, revealing that far from serving a merely decorative function, the painted surface of these works was intricately connected to their meaning. The paint layers on the sculptures, for example, which the author spent years documenting through close examination and analysis, were intended to impart a heightened sense of reality to the life-sized sculptures, thereby enhancing the viewer's experience of worship. Taubert believed it was crucial for conservators to understand this context before undertaking any treatments. No other book offers such a focused, subtle, and interdisciplinary examination of the subject as *Polychrome Sculpture*. This influential work is now available in English for the first time, in a meticulous translation enhanced and updated by new color illustrations, annotations to the original text, and a new introduction. *Frosting on the Cake 3* Karin Kallmaker, 2025-06-01
