The Painter's Craft Ralph Mayer,1975 *Oil Painting Techniques and Materials* Harold Speed,1987-12-01 In any exhibition of amateur work it is not at all unusual to find many charming water colour drawings but it is very rarely that the work in the oil medium is anything but dull dead and lacking in all vitality and charm Harold Speed Such provocative assertions are characteristic of this stimulating and informative guide written in a highly personal and unique style by a noted painter and teacher Brimming with pertinent insights into the technical aspects and painting in oils it is also designed to help students perfect powers of observation and expression Harold Speed has distilled years of painting and pedagogical experience into an expert instructional program covering painting technique painting from life materials paints varnishes oils and mediums grounds etc a painter s training and more Especially instructive is his extensive and perceptive discussion of form tone and color and a fascinating series of detailed Notes analyzing the painting styles of Velasquez Reynolds Gainsborough Franz Hals and Rembrandt Nearly 70 photographs and drawings illustrate the text among them prehistoric cave paintings diagrams of tonal values stages of portrait painting and reproductions of masterpieces by Giotto Vermeer Ingres Rembrandt Titian Reynolds Gainsborough Hals Giorgione Poussin Corot Veronese and other luminaries In addition to these pictorial pleasures the author further leavens the lessons with thought provoking opinion Clear cogent and down to earth this time honored handbook will especially interest serious amateurs studying the technical aspects of oil painting but its rich insight into the mind and methods of the artist will enlighten and intrigue any art lover The Painter's Methods and Materials Arthur Pillans Laurie,1926 **The Painter's Methods and Materials** A. P. Laurie,2013-03-21 Many of the valuable techniques and materials formerly used in painting have been lost or forgotten With the convenience of the art supply store the artist is no longer forced to acquaint himself with many of the operations performed by the great craftsmen painters of the past The result is that the modern painter often does not understand the chemical and physical reasons for the steps he follows This book bridges the gap between artist and craftsman and gives the reader insights into the classical techniques of the great masters as well as the procedures followed today Professor Laurie has based his book on an intensive study of great master paintings and manuscripts as well as on actual experiment He covers techniques for painting on wood panels paper walls and canvas and for dealing with watercolors tempera fresco pigments and colors balsams resins turpentine varnishes waxes sizings and various oils such as walnuts linseed and poppy The reader will also find much information on the behavior of light through various refractions prism effect in layers of paint and the cleaning and

preservation of pictures The discussion is illustrated by 48 full page plates These reproductions of actual paintings by major and minor masters Rembrandt Lippi Michelangelo Botticelli Rubens Hals and others were selected to show specific points of painting condition or technical procedures Microphotographs are used to show cross sections of painting age cracks flaking pigment particles and similar material
