Malcolm Guite

Merlins Mound:

The Ancient Burial-mounds of England L.V. Grinsell, 2014-10-24 First published in 1936 and rewritten in 1953 this book embodies the results of the author's extensive researches and fieldwork Part one considers types of barrows and dating their building and the cult of the dead from Palaeolithic to Saxon times A chapter is dedicated to maps and another to fieldwork in particular while the final bit of the introductory material discussed barrow digging from the time of the Romans to the twentieth century Part two is the regional surveys from Cornwall to Kent and northwards to the Scottish border

Merlin's Mound Nigel Bryant, 2004-05-01 The Stone Age monuments at Avebury in Wiltshire are world famous attracting thousands of visitors each year Two of the most dramatic are the enormous burial chamber known as the West Kennet Long Barrow and Silbury Hill the largest man made mound in Europe Less well known is Silbury's sister mound at Marlborough a few miles due east but this is nothing less than the legendary burial place of Merlin These extraordinary sites are the key locations of the novel *Merlin's Mound* in which an adolescent is awakened in startling fashion to their meaning and original purpose It will appeal to everyone from the protagonist's age upward with a taste for myth legend and visions *The Mertowney Mountain Interviews* Richard Leviton, 2014-07-16 You see Edward editor and budding Grail Knight you're part of the Merlin myth and you have been for a long time said Merlin enigmatically The figure of Merlin magician enchanter trickster strategist of King Arthur's Camelot wise old man of Celtic myth has intrigued and enthralled readers for centuries but who really was he Did he ever actually exist Boston editor Edward Burbage is given a unique opportunity to find out He's invited to Merlin's home on Mertowney Mountain to interview him The invitation includes free transportation and Merlin's mountain is not in this world and for that matter how on Earth could Burbage be talking to Merlin anyway Merlin is supposed to be only a character from an old myth isn't he Over the course of five years starting in 2034 Burbage conducts his interviews and the revelations Merlin makes are astounding He has been many mythic figures taken on many guises such as the Irish Cuchulainn the Egyptian Anubis the Navaho Monster Slayer the Greek Herakles the Polynesian Maui and even a few holy men like Saint Columba of Iona and John the Evangelist of Patmos author of Revelation He's worked as initiator war god slayer of inimical spirits prophet seer a guide to the soul in the after life geomancer terraformer a fisher up of islands and especially a devoted field agent to the Great Mother Herself operating under many guises such as Morrigan Isis Changing Woman and Hera But why has Edward Burbage been brought to Mertowney Mountain It's not just so Merlin can tell his true story Merlin has a plan for him and he's preparing things all the time he's recounting his exploits Edward Burbage has a key role to play in the next installment of the long life of Merlin He's about to step onto the world stage of myth disclosing a long withheld mystery the secret of the Mer Line the truth and power behind Merlin himself Sounding Heaven and Earth Malcolm Guite, 2023-11-30 The back page column of the Church Times famously occupied for many years by Ronald Blythe continues to be a breath of fresh air in the hands of poet and priest Malcolm Guite His acute observations of the local the

everyday moments of conversation and life's simple pleasures are doorways into a bigger reality of a world suffused with the meaning and beauty that lies beneath surface appearances His lucid perceptive and imaginative musings follow a similar pattern to the sonnets for which he is so renowned In his own words he treats these 500 word essays a little in the spirit of the sonnet with a sense of development of a turn or volta part way through and a sense that the end revisits and re-reads the opening These draw together everyday events and encounters landscape journeys poetry stories memory and a sense of the sacred and fuses them to create richly satisfying portraits of the familiar that at the same time opens the way to an enchanted world

The Druid of Death Richard T. Ryan, 2018-07-31 On the morning of the vernal equinox in 1899 Holmes is roused from his bed by Lestrade The inspector has received a report of a girl brutally murdered at Stonehenge Upon arriving at the famed site Holmes discovers the body of a young woman On her forehead painted in blood is a druidic symbol On her side also in blood is a message written in a strange language that neither Holmes nor Lestrade can decipher The girl was also eviscerated and her organs placed around her body As a final touch branches from yew trees had been artistically arranged around the corpse Holmes senses a malevolent force at work but without data he is powerless As the weeks pass he slowly gathers information about the ancient druids and Celtic mythology and begins to assemble a small army of experts to assist him Expecting the killer to strike again on the summer solstice Holmes and Watson travel to the Nine Ladies in Derbyshire the site of another stone circle that harkens to druidic times While they are holding their vigil Lestrade and his men are off keeping watch over the stone circles at Avebury and several other locations The Great Detective's worst fears are realized when on the morning of the summer solstice he learns that the body of a young man has been discovered in the eye of the White Horse of Uffington Like the first victim he too has been marked with a druidic symbol and his body bears a message Aside from the symbol and the message the only other difference appears to be that his body and organs have been surrounded by willow branches Realizing full well that a maniac reminiscent of the Ripper is on the loose Holmes and Watson find themselves in a race against time as they try to locate the cult identify the killer and prevent another tragedy
