## **Metamorphosis And Identity:**

**Metamorphosis and Identity** Caroline Walker Bynum, 2001-05-06 An exploration of the roles of metamorphosis and hybridity in the establishment of personal identity with particular emphasis on the twelfth and thirteenth centuries The four studies in this book center on the Western obsession with the nature of personal identity Focusing on the twelfth and thirteenth centuries but with an eye toward antiquity and the present Caroline Walker Bynum explores the themes of metamorphosis and hybridity in genres ranging from poetry folktales and miracle collections to scholastic theology devotional treatises and works of natural philosophy She argues that the obsession with boundary crossing and otherness was an effort to delineate nature's regularities and to establish a strong sense of personal identity extending even beyond the grave She examines historical figures such as Marie de France Gerald of Wales Bernard Clairvaux Thomas Aquinas and Dante as well as modern fabulists such as Angela Carter as examples of solutions to the perennial question of how the individual can both change and remain constant Addressing the fundamental question for historians that of change Bynum also explores the nature of history writing itself Metamorphosis and Identity Caroline Walker Bynum, 2005

**Metamorphosis and Identity in Melville's The Confidence Man** Mary Small Hughes, 1964 **Metamorphosis** Virginia Lee Somerville, 1978 **Metamorphosis and Identity** Leslie Ann Sconduto, 1995 **Personal Identity between Philosophy and Psychology** Vinicio Busacchi, Giuseppe Martini, 2020-12-24 What is personal identity What forms its nature Is there a difference between identity and personality What makes a person an individual and what exactly is the person What role is played by character nature environment society values and destiny in defining and substantiating a personal identity The dialectics of different disciplinary approaches and knowledges as well as different theoretical speculative perspectives and traditions can be more productive in deepening and readdressing problems concerning human identity It is by following this line of reasoning that this book analyses and discusses the above questions from the dialectical perspective of psychoanalysis psychiatry and philosophy It offers a new point of departure for theoretical scientific and speculative advancement The book also reconsiders the fundamental characteristics of a dynamic and hermeneutic vision of identity tracing a middle way perspective and at the same time absorbing Wilfred Bion's idea of transformation and Paul Ricoeur's philosophy of translation **The Logics of Change** Andreas Koch, Clemens Sedmak, 2012-12-19 We live in a world of constant and dynamic change Change manifests in various guises ranging from small to big local to global individual to societal or from subtle to sudden It often comes out of the unexpected yet people can also actively bring about change Change can be for the better but often reality means change for the worse Preconditions for a contented and happy life both material and intangible are constantly challenged Living conditions of individuals as well as communities are affected by inequality exclusion or poverty Different kinds of challenge and change require different reactions This volume results from a two day conference in November 2011 in Salzburg Austria bringing together researchers and practitioners from different

scientific disciplines in order to discuss approaches of poverty research social inclusion strategies and local knowledge applications with particular focus on transformation The contributions shed light on appropriate theories methodologies and concrete applications of change concepts referring to poverty place and identity at different temporal social and spatial scales They address a readership ranging from social and political scientists economists and statisticians to philosophers cultural scientists and geographers

**Hizbullah's Identity Construction** Joseph Alagha,2025-10-01 As the dominant political force in Lebanon and one of the most powerful post Islamist organizations in the world Hizbullah is a source of great controversy and uncertainty in the West Despite the significant attention paid to this group by the media the details of Hizbullah s evolution have frequently confounded politicians and even scholars In this important study Joseph Alagha a scholar with unprecedented access to the organization exhaustively and objectively analyzes Hizbullah s historical evolution and offers a revolutionary new perspective on the political phenomenon of the organization Hizbullah s Identity Construction is a timely examination of one of the world s most turbulent regions a major contribution to the study of contemporary Islamic political movements in the Middle East and a refreshing departure from the bland hagiographies and ad hominem attacks that are all too common in studies of Hizbullah s murky history Superbly documented and argued and rooted in broad knowledge of contemporary Islamist political thought this study brings much needed clarity to a hot button subject *Ali Smith* Monica Germanà,Emily Horton,2013-07-18 In such novels as *Hotel World* and the Whitbread Prize winning *The Accidental Ali Smith* has established herself as one of the most distinctive voices in contemporary fiction Covering her complete oeuvre from the short stories to her most recent novel *There but for the this* is the first comprehensive critical guide to Smith s work Bringing together leading scholars *Ali Smith Contemporary Critical Perspectives* covers such topics as Language truth and reality Spectral presences and the uncanny Gender and sexuality Cosmopolitanism Smith s place in the contemporary canon Including a new interview with the author a chronology of her life and authoritative guides to further reading this is an essential guide for anyone interested in the best of contemporary fiction

**Japan's Frames of Meaning** Michael F. Marra,2011 In *Japan s Frames of Meaning* Michael Marra identifies interpretative concepts central to discussions of hermeneutical practices in Japan and presents English translations of works on basic hermeneutics by major Japanese thinkers Discussions of Japanese thought tend to be centered on key Western terms in light of which Japanese texts are examined alternatively a few Buddhist concepts are presented as counterparts of these Western terms Marra concentrates on Japanese philosophers and thinkers who have mediated these two extremes bringing their knowledge of Western thought to bear on philosophical reinterpretations of Buddhist terms that are thus presented in secularized form Marra focuses on categories relevant to the development of a history of Japanese hermeneutics calling attention to concepts whose discussion sheds light on how Japanese thinkers have proceeded in making sense of their own culture The terms are organized under three headings The first deals with *koto* which in Japanese means both things and words *Koto* is the center of a series of

interesting compounds such as kotodama the spirit of words and makoto truth that have shaped Japanese discourses on philosophy ethics aesthetics and religion Writings on koto by twentieth century philosophers Watsuji Tetsuro 1889 1960 and Omori Shozo 1921 1997 and Edo period scholar Fujitani Mitsue 1768 1823 are included The second heading is dedicated to two well known aesthetic categories yugen and sabi which point to notions of depth in physical space as well as in the space of interiority The University of Kyoto aesthetician Ueda Juzo 1886 1973 guides the reader through a history of these concepts In the third part of the book notions of time in the form of ku emptiness and guzen contingency are examined through the work of Ueda s colleagues at Kyoto Nishitani Keiji 1900 1990 and Kuki Shuzo 1888 1941 Perceptive and erudite Japan s Frames of Meaning will become a landmark resource in particular for the insights and provocations it offers to contemporary cross cultural philosophical dialogue for anyone interested in traditional and modern Japanese thought *A Discourse for the Holy Grail in Old French Romance* Ben Ramm,2007 This study aims to strip the legend of much of the mythological and folkloric association that it has acquired over the centuries arguing that the Grail should be read as a symptom of disruption and obscurity rather than fulfilment and revelation The Retreat of Reason Ingmar Persson,2005-11-03 One of the main original aims of philosophy was to give us guidance about how to live our lives The ancient Greeks typically assumed that a life led in accordance with reason a rational life would also be the happiest or most fulfilling Ingmar Persson s book resumes this project which has been largely neglected in contemporary philosophy But his conclusions are very different by exploring the irrationality of our attitudes to time our identity and our responsibility Persson shows that the aim of living rationally conflicts not only with the aim of leading the most fulfilling life but also with the moral aim of promoting the maximization and just distribution of fulfilment for all Persson also argues that neither the aim of living rationally nor any of the fulfilment aims can be rejected as less rational than any other We thus face a dilemma of either having to enter a retreat of reason insulated from everyday attitudes or making reason retreat from its aspiration to be the sole controller of our attitudes The Retreat of Reason explores three areas in which there is a conflict between the rational life and a life dedicated to maximization of fulfilment Persson contends that living rationally requires us to give up first our temporal biases secondly our bias towards ourselves and thirdly our responsibility to the extent that it involves the notion of desert and desert entailing notions But giving up these attitudes is so overwhelmingly hard that the effort to do so not only makes our own lives less fulfilling but also obstructs our efficient pursuit of the moral aim of promoting a maximum of justly distributed fulfilment Ingmar Persson brings back to philosophy the ambition of offering a broad vision of the human condition The Retreat of Reason challenges and disturbs some of our most fundamental ideas about ourselves *Anime from Akira to Princess Mononoke* S. Napier,2001-05-03 With the popularity of Pokemon still far from waning Japanese animation known as anime to its fans has a firm hold on American pop culture However anime is much more than children s cartoons It runs the gamut from historical epics to sci fi sexual thrillers Often dismissed as fanciful entertainment anime is actually quite adept at

portraying important social and cultural issues like alienation gender inequality and teenage angst This book investigates the ways that anime presents these issues in an in depth and sophisticated manner uncovering the identity conflicts fears over rapid technological advancement and other key themes present in much of Japanese animation *Ideas* ,2000

**Determinants of Neuronal Identity** Marty Shankland, Eduardo R. Macagno, 1992 Determinants of Neuronal Identity brings together studies of a wide range of vertebrate and invertebrate organisms that highlight the determinants of neuronal identity Emphasis of this book is on how neurons are generated how their developmental identities are specified and to what degree those identities can be subsequently modified to meet the changing needs of the organism This book also considers various techniques used in the analysis of different organisms This volume is comprised of 15 chapters the first of which introduces the reader to the specification of neuronal identity in C **Studies in General Physiology: The Heliotropism of animals and its identity with the heliotropism of plants** Jacques Loeb, 1905 **The Identity Exchange** R.
