## **Metaphysical Horror:**

Metaphysical Horror Leszek Kolakowski, 2001-07 A modern philosopher who has never once suspected himself of being a charlatan writes Leszek Kolakowski at the start of this endlessly stimulating book must be such a shallow mind that his work is probably not worth reading For over a century philosophers have argued that philosophy is impossible or useless or both Although the basic agenda dates back to the days of Socrates there is still disagreement about the nature of truth reality knowledge good and God This may make little practical difference to our lives but it leaves us with a feeling of radical uncertainty described by Kolakowski as metaphysical horror Is there any way out of this cul de sac This trenchant analysis confronts these dilemmas head on Philosophy may not provide definitive answers to the fundamental questions yet the quest itself transforms our lives It may undermine most of our certainties yet it still leaves room for our spiritual yearnings and religious beliefs Kolakowski has forged a dazzling demonstration of philosophy in action It is up to readers to take up the challenge of his arguments Metaphysical Horror. (1. Publ.) - (Oxford, Ox.[usw.]): Blackwell (1988). 122 S. 8° Leszek Kolakowski, 1988

**Metaphysical Horror** Leszek Kolakowski, 2001-07-01 For over a century philosophers have argued that philosophy is impossible or useless or both Although the basic notion dates back to the days of Socrates there is still heated disagreement about the nature of truth reality knowledge the good and God This may make little practical difference to our lives but it leaves us with a feeling of radical uncertainty a feeling described by Kolakowski as metaphysical horror The horror is this he says if nothing truly exists except the Absolute the Absolute is nothing if nothing truly exists except myself I am nothing The aim of this book for Kolakowski is finding a way out of this seeming dead end In a trenchant analysis that serves as an introduction to nearly all of Western philosophy Kolakowski confronts these dilemmas head on through examinations of several prominent philosophers including Descartes Spinoza Husserl and many of the Neo Platonists He finds that philosophy may not provide definitive answers to the fundamental questions yet the quest itself transforms our lives It may undermine most of our certainties yet it still leaves room for our spiritual yearnings and religious beliefs The final sentence of the book captures the hopefulness that has survived the horror of nothingness when Kolakowski asks Is it not reasonable to suspect that if existence were pointless and the universe devoid of meaning we would never have achieved not only the ability to imagine otherwise but even the ability to entertain this very thought to wit that existence is pointless and the universe devoid of meaning The answer of course is clear Now it is up to readers to take up the challenge of his arguments Metaphysical Horror Leszek Kołakowski, 1988 Argues that philosophical inquiries are valuable even though they may produce no absolute values and discusses knowledge religion and philosophers of the past

Is violence in American cinema a reflection of life Or does life imitate the violence people see in cinema One of the pressing questions in today s society is whether fictional portrayals of violence have social or psychological consequences Studies have concluded with both yes and no verdicts Is America a culture of violence Why does violence horror and melodrama appeal to people This book explores these issues with primary focus on entertainment especially film through lenses of the media the consumer and the cultural backdrop The film A Clockwork Orange allegedly spawned so much violence in the United Kingdom that director Stanley Kubrick was rumored to have fled with his family to avoid a death threat From that classic case the author takes readers through a study of media and violence that examines the structure of horror the origin and nature of evil the Greek mythic tradition melodrama and catharsis fairy tales comic books video games and real horror In part two the author offers case studies in several genres westerns multi melodrama The Silence of the Lambs slasher films psycho drama serials such as Star Wars and Harry Potter apocalyptic melodrama modern and postmodern noir creature features and religious melodrama In text citations are included and two notes expand on a couple of issues in the text the perspectives of Plato and Aristotle on the effects of tragic drama and discussion of differences of opinion relating to methodological approach

### **Collingwood's Metaphysics** Guido Vanheeswijck,2024-12-31

This book explores R G Collingwood s concept of metaphysics It traces the evolution of Collingwood s thought on metaphysics through his published work posthumously published manuscripts and recently discovered course notes From 1933 to 1936 Collingwood s thought shifted considerably from the more orthodox Hegelian treatment of metaphysics as the study of the general nature of reality to the more historicist study of absolute presuppositions This radical conversion hypothesis has been for a long time the single most important issue in the interpretation of Collingwood s philosophy This book provides a fresh reappraisal of his thinking on metaphysics during these crucial years It argues that objective idealism is the key to unraveling the true scope of Collingwood s metaphysics This theory takes a mid position between mainstream interpretations in the secondary literature and forms the background to many of Collingwood s key ideas regarding metaphysics the philosophy of nature and the philosophy of history The book also compares Collingwood s concept of metaphysics to that of his predecessors contemporaries and followers The second part of the book focuses in detail on the similarities and differences between Collingwood s metaphysics and in chronological order the views on metaphysics of Dilthey Whitehead Ayer Wittgenstein Heidegger Berlin Ko akowski Strawson and Taylor Collingwood s Metaphysics will be of interest to scholars and graduate students interested in Collingwood s philosophy 20th century philosophy and metaphysics
