Meteor And Shadow:

Non-Being Sara Bernstein, Tyron Goldschmidt, 2021-03-18 Nonexistence is ubiquitous yet mysterious This volume explores some of the most puzzling questions about non being and nonexistence and offers answers from diverse philosophical perspectives The contributors draw on analytic continental Buddhist and Jewish philosophical traditions and the topics range from metaphysics to ethics from philosophy of science to philosophy of language and beyond **Keeper** Angelique Terranova Nakken, 2013-08-31 When a planet faces destruction from an outside source it is up to one to try and save the world but there is another that enjoys the destructive state savoring the savage revenge that is created Between the two beings they bring a war to the unsuspecting planet that almost destroys it while a group of scientists that hide inside of a mountain lab watch the world as it slowly destroys itself When a moon is destroyed the planet begins to die and a new world needs to be found as the inhabitants of the planet go through the stages of war and destruction only to find that the planet itself is also dying Pangaea begins to look promising as a new world to begin life on to start a new history that will follow
