Nevins History:

Immersed in Great Affairs Gerald L. Fetner, 2004-01-19 A biography of the influential journalist and historian Allan Nevins **Allan Nevins on History** Allan Nevins, 1975 *A Short History of the United States* Allan Nevins, Henry Steele Commager, 1956 **A Pocket History of the United States** Allan Nevins, Henry Steele Commager, 1956 **The Gateway to History** Allan Nevins, 2018-10-24 In this book originally published in 1962 one of America's most distinguished historians defines the scope and variety of his field and outlines his views on history's objectives both as a science and as an art. The book provides insight into historians' methods of interpreting and presenting the past from Thucydides to twentieth-century scholarship on Europe and America. It sets apart the different approaches to history: biographical, cultural, intellectual, geographical, and political, illuminating the peculiar goals, problems, and development of each discipline. It discusses the question of pre-history and its companion science, archaeology, and spans the history of the collection and use of records.

A Pocket History of the United States Allan Nevins, Henry Steele Commager, Jeffrey Morris, 1992 Written by two distinguished American historians, this acclaimed classic traces the history of the oldest constitutional democracy in the world and presents and interprets the rise of the American people from their earliest settlements to the emergence of the U.S. as a world power and beyond. Completely revised and updated. Maps. Bibliography. Index. **Makers of the Americas** Marion Florence Lansing, Allan Nevins, W. Baum, 1996-09-18 Oral History: An Interdisciplinary Anthology is a collection of classic articles by some of the best-known proponents of oral history, demonstrating the basics of oral history while also acting as a guidebook for how to use it in research. Added to this new edition is insight into how oral history is practiced on an international scale, making this book an indispensable resource for scholars of history and social sciences as well as those interested in oral history on the avocational level. This volume is a reprint of the 1984 edition with the added bonus of a new introduction by David Dunaway and a new section on how oral history is practiced on an international scale. Selections from the original volume trace the origins of oral history in the United States, provide insights on methodology and interpretation, and review the various approaches to oral history used by folklorists, historians, anthropologists, and librarians, among others. Family and ethnic historians will find chapters addressing the applications of oral history in those fields. **The Emergence of Modern America, 1865-1878** Allan Nevins, 2012-02-12 High quality reprint of *Emergence of Modern America 1865-1878* by Allan Nevins **Reader's Guide to American History** Peter J.
