New Churches:

New Churches for Old John Haynes Holmes, 1922 **Rekindling the Mainline** Stephen C. Compton, 2003-06-01 Not only do new church starts in significant numbers bring systemic change and renewal to mainline denominations but new church development brings similar change to individual aging congregations in their vicinity Author Stephen Compton argues that a decline in new church starts in the last half of the 20th century was the major contributor to the decline of mainline church groups not liberalism or lack of faith as is often cited He shows in this book how introducing considerable numbers of new congregations into these old denominations can cause these venerable institutions to revisit the meaning of church and congregation develop a clearer vision of their collective mission and grow in their ability to bring about positive change in the world In effect he contends new churches in an aging organization do not merely make it grow They make it change in ways that make it more effective in its mission and ministries This book will appeal to leaders across denominational lines including those not ordinarily called mainline and especially to pastors and leaders of older congregations **Starting New Churches on Purpose** Ron Sylvia, 2006 *Strategies for New Churches* Ezra Earl Jones, 1978 Planting Growing Churches for the 21st Century Aubrey Malphurs, 1998 With 120 million unchurched people in the United States leaders have a need for a practical comprehensive guide for church planting and church renewal That need is fulfilled in *Planting Growing Churches for the 21st Century* **A New Kind of Church** Aubrey Malphurs, 2007-02-01 There is no shortage of books these days on new ways of doing church New church models have been both warmly embraced and roundly criticized What are church leaders and others concerned about the state of the church to make of all this Does the Bible prescribe a standard model for doing church Or is there freedom within certain guidelines In *A New Kind of Church* respected church consultant Aubrey Malphurs addresses these important questions and suggests that there is room for new ways of doing ministry while being true to Scripture In the process he offers a theological and interpretive framework for evaluating any church model new or old He also offers suggestions for implementing change in the local church *Year Book of the Churches Covering the Year ...*, 1922 The Rising Tide Raymond W. Hurn, 1997 Former General Superintendent in the Church of the Nazarene Dr Raymond Hurn takes an in depth look at the history of church planting and the opportunities it offers for ministry into the new millennium His text is a valuable source of ideas for local ministries as well as an inspirational account of the historical importance of church planting Paper **High Impact Church Planting** John Jackson, 2000-10 For people planting churches and or pastors wanting to see real growth in their churches and communities Jackson teaches the definition of a high impact church why they are needed in every community in America their key characteristics and 11 steps to starting a high impact church Church Administration Pastoral Resources The Ecclesiologist, 1843 **Planting New Churches** Debra Lynn Church, 2006 *Church Growth in Britain* Dr David Goodhew, 2013-06-28 There has been substantial church growth in Britain between 1980 and 2010 This is the controversial

conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK Such church growth is seen to be on a large scale is multi ethnic and can be found across a wide range of social and geographical contexts It is happening inside mainline denominations but especially in specific regions such as London in newer churches and amongst ethnic minorities Church Growth in Britain provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders This book demonstrates that whilst decline is happening in some parts of the church this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity

Starting a New Church Ralph Moore, 2011-08-31 According to the author perhaps our greatest responsibility is to evangelize our own generation Yet established churches are not able to do that In fact rising generations of Americans live in ignorance of Jesus

Christ and have no moral absolutes Aggressive church planting the author believes is the answer to the problem because new churches focus on the needs of each new generation and present biblical truth in the cultural context that best reaches those people The objectives of this book are to lay down the challenge to consider becoming a church planter while at the same time screen out wishful thinking and focus on the practical challenges of church planting This authoritative and edgy message is the next thing in evangelism
