**Loving Reading** Steven G. Kellman,1985    Plotting with Eros Ingela Nilsson,2009 This volume aims at providing both students and scholars with a series of discussions of the long tradition of reading and writing the erotic seen from a number of different perspectives    George Sand and the Nineteenth-century Russian Love-triangle Novels Dawn D. Eidelman,1994 Mauprat features Edmee a self actualizing woman as hero protagonist Here the notion of fiction of relationship emerges as male Russian authors created tragic idealized woman characters who could never really live up to the terrible perfection with which they were endowed    **Loving Reading** Steven G. Kellman,1985    **The Laws of Love** P. Goodrich,2006-10-30 Your guest at dinner kisses you What does it mean Where does it lead Does kissing necessarily imply more and if so how much These and similar questions of amorous ethics and erotic disquisition are central to our everyday intimate public lives and they are the lost object of the law of love the lex amatoria collated and presented here    Moved by Love Mary D.

Sheriff,2008-10-30 In eighteenth century France the ability to lose oneself in a character or scene marked both great artists and ideal spectators Yet it was thought this same passionate enthusiasm if taken to unreasonable extremes could also lead to sexual deviance mental illness even death Women and artists were seen as especially susceptible to these negative consequences of creative enthusiasm and women artists doubly so Mary D Sheriff uses these very different visions of enthusiasm to explore the complex interrelationships among creativity sexuality the body and the mind in eighteenth century France Drawing on evidence from the visual arts literature philosophy and medicine she portrays the deviance ascribed to both inspired men and women But while various mythologies worked to normalize deviance in male artists women had no justification for their deviance For instance the mythical sculptor Pygmalion was cured of an abnormal love for his statue through the making of art He became a model for creative artists living happily with his statue come to life No happy endings though were imagined for such inspired women writers as Sappho and Heloise who burned with erotomania their art could not quench Even so Sheriff demonstrates the perceived connections among sexuality creativity and disease also opened artistic opportunities for creative women took full advantage of them Brilliantly reassessing the links between sexuality and creativity artistic genius and madness passion and reason Moved by Love will profoundly reshape our view of eighteenth century French culture    **Georgian Geographies** Miles Ogborn,Charles W.
