A JEWISH PLACE IN AMERICA

Hassia R. Diner

Lower East Side Memories

Jeffrey Abt

Lower East Side Memories:

Lower East Side Memories Hasia R. Diner, 2002-03-03 Manhattan's Lower East Side stands for Jewish experience in America. With the possible exception of African Americans and Harlem no ethnic group has been so thoroughly understood and imagined through a particular chunk of space. Despite the fact that most American Jews have never set foot there and many come from families that did not immigrate through New York much less reside on Hester or Delancey Street the Lower East Side is firm in their collective memory. Whether they have been there or not people reminisce about the Lower East Side as the place where life pulsated, bread tasted better, relationships were richer, tradition thrived and passions flared. This was not always so. During the years now fondly recalled 1880-1930 the neighborhood was only occasionally called the Lower East Side. Though largely populated by Jews from Eastern Europe it was not ethnically or even religiously homogenous. The tenements, grinding poverty, sweatshops and packs of roaming children were considered the stuff of social work not nostalgia and romance. To learn when and why this dark warren of pushcart-lined streets became an icon Hasia Diner follows a wide trail of high and popular culture. She examines children's stories, novels, movies, museum exhibits, television shows, summer camp reenactments, walking tours, consumer catalogues and photos hung on deli walls far from Manhattan. Diner finds that it was after World War II when the Lower East Side was enshrined as the place through which Jews passed from European oppression to the promised land of America. The space became sacred at a time when Jews were simultaneously absorbing the enormity of the Holocaust and finding acceptance and opportunity in an increasingly liberal United States. Particularly after 1960 the Lower East Side gave often secularized and suburban Jews a biblical yet distinctly American story about who they were and how they got here. Displaying the author's own fondness for the Lower East Side of story books combined with a commitment to historical truth *Lower East Side Memories* is an insightful account of one of our most famous neighborhoods and its power to shape identity.

Lower East Side Oral Histories Eric Ferrara, 2012-11-06 A collection of personal memories and insights from 25 longtime residents of this storied and ever changing NYC neighborhood. The Lower East Side is one of Manhattan's most vibrant neighborhoods. For centuries it has been home to hundreds of enclaves of immigrants from every part of the world. As they became New Yorkers the neighborhood has in turn become infused with their cultures, foods, traditions and personalities. In this book local historians Eric Ferrara and Nina Howes document the stories and remembrances of twenty five Lower East Side residents who helped make it what it is today. From childhood memories with family but without running water to observations of the constantly changing city *Lower East Side Oral Histories* reveals this larger than life corner of New York through the eyes and voices of the people who lived there.

[Cassette Memories in the Lower East Side](#) Aki Onda, 2022 *Dark Times, Dire Decisions* Jonathan Frankel, 2005-05-19
The newest volume of the annual *Studies in Contemporary Jewry* series features essays on the varied and often controversial ways Communism and Jewish history interacted during the 20th century. The volume's contents examine the relationship

between Jews and the Communist movement in Poland Russia America Britain France the Islamic world and Germany

Your Guide to the Lower East Side Chris Neville, Marci Reaven, City Lore (Organization), 2007 *Too Jewish or Not Jewish Enough* Jeffrey Abt, 2024-02-02 Displays of Jewish ritual objects in public non Jewish settings by Jews are a comparatively recent phenomenon So too is the establishment of Jewish museums This volume explores the origins of the Jewish Museum of New York and its evolution from collecting and displaying Jewish ritual objects to Jewish art to exhibiting avant garde art devoid of Jewish content created by non Jews Established within a rabbinic seminary the museum's formation and development reflect changes in Jewish society over the twentieth century as it grappled with choices between religion and secularism particularism and universalism and ethnic pride and assimilation *The Radicalization of European Jews in the US Metropolis* Frank Jacob, 2024-08-19

During the late 19th and early 20th centuries many Jews from Central and Eastern Europe arrived in New York City where they did not only find a new home but far away from their shtetl origin the new members of the American society also began to politically radicalize There has been a discussion in the literature related to the field where how and why the Jewish population radicalized This study analyses two waves of radicalization one related to the American environment that is responsible for the described process at the end of the 19th century one related to the developments in Eastern Europe during the early decades of the 20th century For both radicalization processes this book compares the reasons elements and aims of those who join radical movements to show that there is a transatlantic perspective that links both processes to each other

Ambivalent Embrace Rachel Kranson, 2017-09-19 This new cultural history of Jewish life and identity in the United States after World War II focuses on the process of upward mobility Rachel Kranson challenges the common notion that most American Jews unambivalently celebrated their generally strong growth in economic status and social acceptance during the booming postwar era In fact a significant number of Jewish religious artistic and intellectual leaders worried about the ascent of large numbers of Jews into the American middle class Kranson reveals that many Jews were deeply concerned that their lives affected by rapidly changing political pressures gender roles and religious practices were becoming dangerously disconnected from authentic Jewish values She uncovers how Jewish leaders delivered jeremiads that warned affluent Jews of hypocrisy and associated good Jews with poverty even at times romanticizing life in America's immigrant slums and Europe's impoverished shtetls Jewish leaders while not trying to hinder economic development thus cemented an ongoing identification with the Jewish heritage of poverty and marginality as a crucial element in an American Jewish ethos

American Fatherhood Jürgen Martschukat, 2019-12-31 Explores the surprising diversity of fathers and fatherhood throughout American history and society The nuclear family has been endlessly praised as the bedrock of American society even though there has rarely been a time in history when a majority of Americans lived in such families This book deconstructs the myth of the nuclear family by presenting the rich diversity of family lives in American history from the American Revolution to the twenty first century To tell this story Jürgen Martschukat focuses on

athers and their relations to families and American society Using biographical close ups of twelve different characters each embedded in historical context American Fatherhood provides a much more realistic picture of how fatherhood has been performed within different kinds of families Each protagonist covers a crucial period or event in American history presents a different family constellation and makes a different argument with regard to how American society is governed through the family

Food Mobilities Daniel E. Bender,Simone Cinotto,2023-11-30 Bringing together multidisciplinary scholars from the growing discipline of food studies Food Mobilities examines food provisioning and the food cultures of the world historically and in contemporary times The collection offers a range of fascinating case studies including explorations of Italian food in colonial Ethiopia traditional Cornish pasties in Mexico migrant community gardeners in Toronto and beer all around the world In exploring the origins of the contemporary global food system and how we cook and eat today Food Mobilities uncovers the local and global circulation of food ingredients cooks commodities labour and knowledge
