Evidence-Based Cardiology Salim Yusuf, John A. Cairns, A. John Camm, Ernest L. Fallen, Bernard J. Gersh, 2008-04-15 This second edition is a ground breaking clinical text with a strong emphasis on rigorous evidence Leaders in the field discuss best practice in the light of systematic reviews and randomised control trials and how best to treat where the information is less clear Case histories provide intriguing discussions on how to apply the evidence in real life situations Evidence based Cardiology also includes free access to the latest evidence which is automatically posted on a companion website

Preventive Cardiology Jo Anne Micale Foody, 2007-11-03 Preventive cardiology is a fast moving field that places emphasis on the prevention and treatment of coronary disease Preventive Cardiology Insights Into the Prevention and Treatment of Cardiovascular Disease Second Edition is intended for clinical cardiologists internists primary care providers and allied health care professionals who wish to extend their knowledge and expertise in the rapidly expanding field of preventive

cardiology It is the mission of this book to provide clinicians with the understanding and tools necessary to implement prevention in their daily practices Recent changes in the delivery of health care in the United States and abroad in conjunction with new scientific evidence supporting the role of preventive strategies in the maintenance of cardiovascular health have focused new attention and efforts on the field of cardiovascular disease prevention The field of cardiology is thus making a gradual transition from the technology driven intervention oriented perspective of the last several decades to a new preventive molecular based perspective As fresh evidence amasses that preventive measures produce a considerable decrease in the incidence of both primary and secondary cardiac events and mortality there is growing widespread acknowledgment that health care providers from all arenas must initiate preventive strategies in the management and care of their patients

Public Health Linda J Jones, Jenny Douglas, 2011-12-12 Public Health Building Innovative Practice examines the main challenges facing public health today and fosters an informed and creative response by practitioners It explores effectiveness in team working communication managing change and inter agency working ethics and reflective practice It addresses the key areas of public health practice including analysis and use of information to improve health and wellbeing collaborative working to plan and implement programmes and interventions assessing evidence of effectiveness managing risk and reducing health inequalities reviewing and influencing public health policy Public Health Building Innovative Practice provides students with knowledge and skills from which to build innovative practice It is an ideal text for courses on public health and health promotion

Davidson's Principles and Practice of Medicine E-Book Ian D. Penman, Stuart H. Ralston, Mark W.J. Strachan, Richard Hobson, 2022-06-20 Well over two million medical students doctors and other health professionals around the globe have owned a copy of Davidson's Principles and Practice of Medicine since it was first published over 70 years ago Now in its 24th Edition this thoroughly updated textbook describes the pathophysiology and clinical features of the most frequently encountered conditions in the major specialties of adult medicine and explains how to recognise investigate diagnose and manage them Taking its origins from Sir Stanley Davidson's much admired lecture notes Davidson's has endured because it keeps pace with how modern medicine is taught and provides a wealth of trusted information in an easy to read concise and beautifully illustrated format Part 1 Fundamentals of Medicine provides an account of the principles of genetics immunology infectious diseases population health oncology and pain management along with a discussion of the core principles behind clinical decision making and good prescribing Part 2 Emergency and Critical Care Medicine covers medical emergencies in poisoning envenomation and medicine in austere environments as well as common presentations in acute medicine and the recognition and management of the critically ill Part 3 Clinical Medicine covers the major medical specialties each thoroughly revised and brought fully up to date A new section on COVID 19 has been added and the impact of this infection is described throughout the book Clinical Examination overviews extended and updated to summarise the main elements for each system Presenting Problems sections provide a clear pathway for the

assessment of and approach to the most common complaints in each specialty Practice Point summaries detail the practical skills that medical students and junior doctors must acquire Emergency boxes emphasise the core knowledge needed to manage acutely ill patients In Old Age In Pregnancy and In Adolescence boxes highlight differences in the practice of medicine in these patient groups and illustrate the interfaces between medical obstetric and paediatric services The text is extensively illustrated with over 1000 diagrams clinical photographs and radiology and pathology images The global perspective is enhanced by an International Advisory Board of experts from 11 countries and by leading authors from around the world The complete downloadable eBook version is included with your print copy purchase for easy access on your portable device anytime anywhere Now enhanced with NEW interactive self assessment material over 150 Questions and Answers test your understanding of chapter key points and aid efficient exam preparation

Current Opinion in Lipidology, 1997 *The Scandinavian Journal of Clinical & Laboratory Investigation*, 1988 **Hypercholesterolemia and Atherosclerosis** Daniel Steinberg, Jerrold M. Olefsky, 1987 Abstract This text attempts to summarize and interpret current understanding of the lipoproteins their relationship to coronary heart disease and methods of dealing with hyperlipoproteinemia clinically This volume is intended for the medical practitioner who wants to be aware of recent developments and who wants to know how patients should be diagnosed and managed Topics include causes and prevention of atherosclerosis and coronary heart disease lowering plasma cholesterol levels classification and diagnosis of hyperlipidemia and dietary and drug treatment of hyperlipidemia **American Journal of Hospital Pharmacy**, 1988-07 *Technical Report Series*, 1950 Evidence-Based Cardiology Consult Kathleen Stergiopoulos, David L.

Brown, 2013-11-01 The book will provide a detailed evidence based approach to key issues in the pathophysiology diagnosis and management of patients with concurrent medical issues It will provide a clinical focus with practical advice on the prevention diagnosis and treatment of heart disease supported by an expert s summary without duplicating other texts Each chapter will be structured similarly in the following sections 1 Introduction 2 Pathophysiology 3 Diagnosis 4 Management 5 Key Points 6 Summary of the key guidelines from professional societies where available The recommendations will have a firm background in the AHA ACC or ESC recommendations for the management of patients The intention is to create a comprehensive book rather than a pocketbook or manual We hope this book will serve as an up to date reference for the practicing clinician Each of the approximately 40 chapters will have at most 5000 words and 5-7 high quality figures or illustrations each Only the highest quality authors will be recruited from the United States and Europe The emphasis will be on depth of information yet ease of access This necessitates an approach whereby not a single word sentence or page of the book will be wasted Brief where it needs to be brief detailed where detail is required this will be a true all encompassing clinician reference **Medical Journal of Australia**, 1928 Hurst's the Heart John Willis Hurst, 2004 Provides the reader with a practical approach to the treatment of patients with cardiovascular disease Hurst's the Heart, 13th
