## Love The Truth:

**Father Malebranche his Treatise concerning the Search after Truth ... To which is added the author's Treatise of Nature and Grace ... All translated by T. Taylor ... The second edition, corrected ... With the addition of a Short Discourse upon Light and Colours, etc** Nicolas Malebranche,1700      **Works** Theodore Parker,1908      God's Absolute Love Truth Joy Maloy,2020-08-25 In the Bible we read in Isaiah 55 8 9 that God s thoughts and ways are higher than our thoughts and ways as higher as the heavens are higher than the earth higher So why wouldn t we want to know what they are And even though the Bible inspired by God was written by different men at different times in history it is consistent In fact we see things repeated throughout it that can teach us something about God For instance when we see fingers in the Bible we can find a message about judgment In this book we follow things that are repeated in the Bible to learn about God God s word is amazing like that And God s Word is the absolute love truth      **Ainslee's** ,1904      **Spacecruiser Inquiry** A. H. Almaas,2002-04-30 Over the past twenty five years A H Almaas widely recognized as a leader in integrating spirituality and psychology has been developing and teaching the Diamond Approach a spiritual path that integrates the insights of Sufism Buddhism Gurdjieff and other wisdom traditions with modern psychology In this new work Almaas uses the metaphor of a spacecruiser to describe a method of exploring the immediacy of personal experience a way of investigating our moment by moment feelings thoughts reactions and behaviors through a process of open ended questioning The method is called the practice of inquiry and Spacecruiser Inquiry reveals what it means to engage with this practice as a spiritual path its principles challenges and rewards The author explores basic elements of inquiry including the open ended attitude the focus on direct knowledge the experience of not knowing and the process of questioning He describes the experience of Diamond Guidance the inner wisdom that emerges from our true nature and how it can be realized and applied In this process Almaas looks at many of the essential forms of Diamond Guidance including knowing clarity truth love intelligence compassion curiosity courage and determination Also included are exercises and questions and answers from the original talks by Almaas on which the book is based      **The Spirit of a Christian Life** Otis Henry Tiffany,1870      The Universal Over-presence and the Spiritual Spheres Charles H. and concepts of the text *The Confessions of Saint Augustine* is considered to be the greatest Christian classic Augustine's notorious life before his baptism raised questions about the genuineness of his conversion It is his honest struggle with the faith which has given *The Confessions* such timeless appeal over the last sixteen centuries Augustine's *Confessions* is more than mere autobiography for it is also an impassioned admission of past mistakes confession at a level most might think of it and praise of God confession of another sort that of love and awe Given his checkered past Augustine addressed the concerns of those who doubted the sincerity of his conversion to Christianity and his claim to the post of bishop of Hippo Regius in North Africa Thus the text made up of 13 chapters called books serves as an apologia formal written defense as well as a hortatory inspiration to others who have not yet converted Influenced by the Christian approach to reading sacred text as the living Word of God *lectio divina* *The Confessions* also require a deeper reading than readers may be accustomed to *Lectio divina* rooted in monastic practices of the 4th century AD is prayerful and approaches a text with a fourfold reading process read reflect meditate pray and rest in God's presence and resolve to grow and change in this new understanding Augustine's great work has impacted not only theology but also philosophy especially in discussion of time and memory

**The Arc of Truth** Lewis V. Baldwin, 2022-10-04 Martin Luther King Jr said and wrote as much or more about the meaning nature and power of truth as any other prominent figure in the 1950s and 60s King was not only vastly influential as an advocate for and defender of truth he also did more than anyone in his time to organize truth into a movement for the liberation uplift and empowerment of humanity efforts that ultimately resulted in the loss of his life Drawing on King's published and unpublished sermons speeches and writings *The Arc of Truth* explores King's lifelong pilgrimage in pursuit of truth Lewis Baldwin explores King's quest for truth from his inquisitive childhood to the influence of family and church to Morehouse College Crozer Theological Seminary Boston University and other academic institutions in the Northeast Continuing on the book follows King's sense that he was involved in experiments of truth within the context of the struggle to liberate and empower humanity to his understanding of the civil rights movement as unfolding truth to his persistent challenge to America around its need to engage in a serious reckoning with truth regarding its history and heritage Baldwin investigates King's determination to speak truth to power and his untiring efforts to actualize what he envisioned as the truthful ends of the beloved community through the truthful means of nonviolent direct action King believed taught and demonstrated by example that truth derives from a revolution in the heart mind and soul before it can be translated into institutions and structures that guarantee freedom justice human dignity equality of opportunity and peace

Ultimately King's significance for humanity cannot be considered only his contributions as a preacher pastor civil rights leader and world figure he was and remains equally impactful as a theologian philosopher and ethicist whose life and thought evince an enduring search for and commitment to truth
