## **Luc Tuymans:**

Luc Tuymans Eva Meyer-Hermann, 2018-01-09 This first volume in a catalogue raisonné of Tuymans's paintings surveys nearly 200 works from the vital early years of his career. Credited with a key role in the revival of painting in the 1990s, Belgian artist Luc Tuymans (b. 1958) continues to produce subtle and at times unsettling works that engage with history, technology, and everyday life. This first volume in a catalogue raisonné of Tuymans's paintings surveys nearly 200 works that were vital to his artistic development. The years 1972 to 1994 witnessed the maturation of his signature method of painting from preexisting imagery such as magazine images, Polaroids, and television footage, as well as his first solo exhibition. Also dating from this period are many of his seminal canvases, along with ten poignant portraits of the ailing human body and the enigmatic series *Superstition* that comprised his first works exhibited in the United States. The catalogue features brilliant new photography of each of the paintings and an illustrated chronology with archival images and installation shots of the works in this volume. This publication is a testament to Tuymans's persistent assertion of the relevance and importance of painting, a conviction that he maintains even in today's digital world when his work continues to be a touchstone for artists and scholars.

**Luc Tuymans: Good Luck** Luc Tuymans, Su Wei, Éric de Chasse, 2020-12-08 Widely credited with having contributed to the revival of painting in the 1990s, Belgian painter Luc Tuymans continues to expand our understanding of the medium. Sourcing imagery from books, magazines, films, the internet, and increasingly his own iPhone photos, Tuymans's unique selection of subject matter reveals his fascination with moral complexities. Exploring diverse and sensitive topics, many of which include historic references from World War II to more contemporary events such as 9/11, Tuymans presents imagery that at first seems innocuous or approachable but upon deeper inspection can be entirely unsettling. Achieved through his masterful handling of paint, his works are often suggestive of memories or familiar people, places, and things. The latest in the *Spotlight Series*, which focuses on new bodies of work by contemporary artists, Tuymans continues to take on increasingly complex subject matters in his primarily muted palette. Published on the occasion of the artist's 2020 solo exhibition at David Zwirner Hong Kong, this book features an essay by art critic Su Wei who approaches Tuymans's newest paintings and how they expand his oeuvre.
