Luciano Berio Two Interviews:

Luciano Berio Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1989-07-01 Tweek interviews met de Italiaanse componist geb 1925 die een beeld geven van zijn leven en werk [Two Interviews Luciano Berio, 1985](#) *Luciano Berio* Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1985 **Two Interviews** Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1985 Dalmonte's questions cover many aspects of contemporary musical life Berio talks freely about his early childhood through his contact with the Darmstadt serialists and his experiences while teaching and performing in America There is also a detailed examination of his major instrumental works of the 1960s *Te Sequenzas Chemins* and *Sinfonia* and a review of his involvement with electronic music in the 1970s Varga asks him about his various vocal and theatrical works Berio discusses the purpose of music **Intimate Voices: Shostakovich to the avant-garde. Dmitri Shostakovich : the string quartets** Evan Allan Jones, 2009 This volume discusses composers such as Shostakovich Britten Cage and Babbitt in the context of the string quartet It offers the observations and intuitions of 20 leading authorities on quartets [Berio's Sequenzas](#) Janet K. Halfyard, 2017-07-05 Between 1958 and 2002 Luciano Berio wrote fourteen pieces entitled *Sequenza* along with several versions of the same work for different instruments revisions of the original pieces and also the parallel *Chemins* series where one of the *Sequenzas* is used as the basis for a new composition on a larger scale The *Sequenza* series is one of the most remarkable achievements of the late twentieth century a collection of virtuoso pieces that explores the capabilities of a solo instrument and its player making extreme technical demands of the performer whilst developing the musical vocabulary of the instrument in compositions so assured and so distinctive that each piece both initiates and potentially exhausts the repertoire of a new genre The *Sequenzas* have significantly influenced the development of composition for solo instruments and voice and there is no comparable series of works in the output of any other composer Series of pieces tend to be linked by the instruments for which the composer writes but this is a series in which the pieces are linked instead by the variety of instruments for which Berio composed The varied approaches taken by the contributors in discussing the pieces demonstrate the richness of this repertoire and the many levels on which Berio and these landmark compositions can be considered Contributions are arranged under three main headings Performance Issues Berio's Compositional Process and Aesthetics and Analytical Approaches **Revisiting the Historiography of Postwar Avant-Garde Music** Anne-Sylvie Barthel-Calvet, Christopher Brent Murray, 2022-07-29 This collection of essays delves into the historiographical traditions that have dominated how the stories of European postwar avant garde music are told seeking to approach commonplaces of that history writing from new perspectives The contributors revisit subjects as varied as the impact of long playing records on the emergence of open works Messiaen's interest in non European musical traditions Xenakis's turn to information theory Kagel's strategic invention of a new genre Berio's dependence on funding from American foundations and the ways in which figures like Boulez Stockhausen Pousseur and Nono constructed their musical

ancestries Leading experts in their respective fields the volume's authors have sought to rethink the historiography of European experimental music of the 1950s 1960s and 1970s in ways that resituate that small but influential milieu in broader historical and cultural contexts In doing so they suggest new directions and insights for students and specialists of twentieth century music and music historiography

Cornelius Cardew (1936-1981) John Tilbury, 2008

Cornelius Cardew 1936 81 was a musician of genius for whom life and art were as one He was a radical both artistically and politically becoming a tireless activist and uncompromising Marxist Leninist Passion and imagination governed all he did his boldness and humanity continue to intrigue and inspire The author whose close friendship with Cardew dates from their first concert together in January 1960 has worked for many years on this biography and brings his subject vividly to life In doing this he has drawn extensively from Cardew's journals and letters and obtained first hand accounts from friends and colleagues The handling of this material is thoughtful and meticulous Tilbury is a master story teller and this particular story is of epic scale and character We begin in 1932 appropriately on May Day with the first meeting of his parents Later we encounter the intrepid schoolboy and student who impressed sufficiently at the Royal Academy of Music to receive funds to study in Cologne with Karlheinz Stockhausen The narrative during this period is delightfully picaresque a colorful prelude to the years of family responsibilities and extraordinary musical endeavor and achievement As events unfold discussion of the

music is given due weight but is never unduly weighty **The Fate of the New Nietzsche** Keith Ansell-Pearson, 1993 This volume combines the work of some of the major philosophers writing on Nietzsche today and that of a new generation of young philosophers It should be of use to those interested in radical Nietzsche interpretation philosophy aesthetics feminism literary criticism and social theory
