This is the story of a young man who finds it difficult to search for a bride. He faces a lot of expected as well as unexpected challenges during his search. He interacts with a lot of women and learns a different lesson each time. He travels multiple times from one city to another in search of his elusive bride. He puts so much effort, wastes so much energy, money, and time during this eventful journey that he realizes that it would have been better to fall in love with someone instead of going through this tedious process of an arranged marriage. As he gets older and frustrated, the moot question is: will he get a bride as per his expectation? Will he marry a Manglik or a non Manglik girl? Will that girl be from Delhi, Mumbai, or some other part of the country?
