Mistaken Journey Survival:

The Journey with My Monk and Beggar Dr. Vissu Paul, 2024-03-18 The journey of my life stayed back in the stage of survival and was not in a position to move on to the stage of success. This stage took me to several destinations in the world in search of solutions to find business success and rejoin my family with happiness in life. I travelled to many places and met several great predictors in life but it was of no use. Finally I understood the secret of life's journey. The days that I spent alone gave me a deeper reflection on my mistake and the vast experience of how the journey until now was. When I learned the lesson from the past mistake in my lifestyle something changed in me and thereby I started to find success in life. I framed out the repetition of success in my life and today I made it happen as an entrepreneur in the coaching industry. The journey to move from nothing to everything began in me when I met those two people who started showing me my Monk and my Beggar within Me which was the hidden truth in my life. The Journey with My Monk and Beggar will take you into the great realization of the bigger truths and give you the equations of success in any part of life you are into. Be blessed to be a blessing.
