Mistaken Identity The Wrong Face Of The Law:

Cause Lawyering Austin Sarat, Stuart Scheingold, 1998-01-08 Why do some lawyers devote themselves to a given social movement or political cause How are such deeds of individual commitment and personal belief justly executed given the ideals of disinterested professional service to which lawyers are in theory at least supposed to adhere What can we learn from such lawyers about the relationship between law and politics Cause Lawyering is a wise and varied collection of responses to these questions featuring a number of distinguished legal scholars concerned with anti poverty lawyers lawyers who work against capital punishment immigration lawyers and other lawyers working to end oppression Editors Austin Sarat and Stuart Scheingold have assembled here a valuable cross national portrait of lawyers compelled to sacrifice financial gain so as to use their legal skills in the promotion of a more just society These telling and important essays fully explore the relationship between cause lawyering and the organized legal professions of many different countries the US England South Africa Israel Cuba and so forth They describe the utility of law as a resource in political struggles and conversely highlight the constraints under which lawyers necessarily operate when they turn to politics Some provide broad theoretical overviews others present rich case studies Advancing a fundamental argument about the very nature of the legal profession this book explains the strategies that cause lawyers deploy as well as the challenges they face in trying to be legally astute and effective while remaining politically devoted and aware Although it is a controversial way of practicing law cause lawyering as explicated in the essays in this volume is indeed indispensable to the legitimization of professional authority Effects of Interpersonal Relationships on Shared Reminiscence Candice E. Condon, 2017-08-21 You rely on your memories for who you are as a person where you have been and what you have experienced in your life to date But what if it turned out that these memories that you hold closely aren't your memories at all What if they were someone else's memories This book documents the results of a research project investigating the effects of interpersonal relationship factors on shared reminiscence Although memory and the factors that influence it have been researched more in recent years there has been limited research which has measured the specific interpersonal effects of familiarity trust confidence and memory esteem on memory distortion There are four empirical chapters in this book Within these four chapters are four separate but related studies which examine the effects of interpersonal factors on memory distortion for ordinary events and for flashbulb memory of the terrorist attacks of September 11th 2001 Collaborative Remembering Michelle L. Meade, Celia B. Harris, Penny Van Bergen, John Sutton, Amanda J. Barnier, 2018 We remember in social contexts We reminisce about the past together collaborate to remember shared experiences and remember in the context of our communities and cultures This book explores the topic of collaborative remembering across a wide range of fields including developmental cognitive and social psychology **Bookseller and the Stationery Trades' Journal**, 1976 Criminal Procedure New South Wales. Law Reform Commission, 1987 **The Labour Monthly** Rajani Palme Dutt, 1977 Includes section Book reviews
