The Consuming Fire Liane Feldman, 2023-04-11 Embedded within the Bible lies a largely unknown story of the founding of ancient Israel and its religion interwoven with other ancient tales nearly two thousand years ago in the process of creating the Torah Generations of scholars have painstakingly worked to recreate the Priestly Source also known as P The complete text has never appeared on its own in Hebrew or in English until now Beginning with the creation of the world and ending at the edge of the promised land the Priestly Source offers a distinctive account of the origins of the people of Israel and a unique perspective on their relationship with their god Yahweh one in stark contrast to what is found when we read the Bible now Translated by Liane Feldman an authority on the text The Consuming Fire reveals the mythical foundation for the practice of sacrifice in ancient Israelite and Jewish religion By presenting this fascinating material on its own The Consuming Fire offers an opportunity to expand our understanding of ancient traditions and to find something new and beautiful at the source
