Managing Migration:

Managing Migration Philip L. Martin, Susan Forbes Martin, Patrick Weil, 2006-01-01 Managing Migration presents the valuable results of the Cooperative Efforts to Manage Emigration project a bottom up effort to identify models and best practices for spurring economic development and respect for human rights in migrant countries of origin

Managing Migration in Italy and the United States Lauren Braun-Strumfels, Maddalena Marinari, Daniele Fiorentino, 2023-12-31

Managing Migration in Italy and the United States shows how the development of gatekeeping in the United States and Italy laid the groundwork for immigration restriction worldwide at the turn of the twentieth century. The volume brings together European and American scholars many for the first time effectively crossing national and disciplinary boundaries. Using archives on both sides of the Atlantic the authors explore the rise of immigration restriction and the attendant growth of the bureaucracy to regulate migration through the lens of migration studies transnational history and diplomatic and international history. The essays contribute to recent scholarship on the global repercussions of immigration restriction and the complex web of interactions created by limits on mobility. Managing Migration brings to light Italy's important role in the establishment of international border controls promoted by the United States and expands the chronology of restriction from its origins to the present

Externalizing Migration Management Ruben Zaiotti, 2016-02-05 The extension of border controls beyond a country's territory to regulate the flows of migrants before they arrive has become a popular and highly controversial policy practice. Today remote control policies are more visible, complex and widespread than ever before, raising various ethical, political and legal issues for the governments promoting them. The book examines the externalization of migration control from an interdisciplinary and comparative perspective, focusing on remote control initiatives in Europe and North America with contributions from the fields of politics, sociology, law, geography, anthropology and history. This book uses empirically rich analyses and compelling theoretical insights to trace the evolution of remote control initiatives and assesses their impact and policy implications. It also explores competing theoretical models that might explain their emergence and diffusion. Individual chapters tackle some of the most puzzling questions underlying remote control policies such as the reasons why governments adopt these policies and what might be their impact on migrants and other actors involved.

Managing Migration Philip L. Martin, Gottfried Zürcher, 2008 **Managing Migration** Bimal Ghosh, 2000-08-03 The present international migration system is failing to respond to the new challenges and opportunities that movements of people now present. Rising levels of migration and its increasingly complex pattern, marked by economic globalisation, a widening variety of source countries and unpredictable and intense flows, is making migration management more and more difficult. Fears have been expressed that a breakdown of the migration system already under heavy strain could spell political and economic disaster, creating in its wake a major setback in human progress. Not surprisingly, there have been calls in recent years for the establishment of a more robust and comprehensive multilateral framework to help revamp the present

fragmentary and predominantly reactive arrangements But little systematic work has been done to develop this idea The study takes up this challenge In this ground breaking study the issues and prospects of a multilateral response to the challenge of movements of people is explored It presents within a single cohesive framework the views perceptions and critical analyses of a group of eminent specialists drawn from different disciplines but with an in depth knowledge of migration issues It argues that if a co ordinated multilateral response is indeed necessary what should be its exact configuration In addressing this critical question the book introduces the concept of an internationally harmonized migration regime based on the principle of regulated openness commonality of policy objectives harmonized normative principles and co ordinated institutional arrangements *Microsoft Exchange Server 2013 Inside Out Mailbox and High Availability* Tony Redmond,2013-09-15 With a focus on mailbox and high availability features this book delivers the ultimate in depth reference to IT professionals planning and managing an Exchange Server 2013 deployment Guided by Tony Redmond a Microsoft MVP and award winning author you will Understand major changes to Exchange Server architecture Get inside insights for planning your upgrade or deployment Examine the new web based Exchange admin center EAC Take a deep dive into configuring mailboxes distribution groups and contacts planning and managing the Managed Store database availability groups mailbox replication service compliance data leakage and data loss prevention site mailboxes modern public folders

Managing Migration Lydia Morris,2002 This book explores the problems of increasing numbers of immigrants How are the Nation States coping with such large numbers of non citizens This is essential reading for both students and researchers

Border Crises and Human Mobility in the Mediterranean Global South Stefania Panebianco,2022-01-12 This book introduces a new approach to understanding security in the Mediterranean and explores current challenges at the European Union EU Mediterranean borders It investigates the intertwined area at the South of the EU that we call the Mediterranean Global South where common actions and strategies are required to face common security challenges The book critically addresses the EU s capacity to manage its expanding borders and analyses the actors involved in providing security in the Mediterranean Global South Specific attention is devoted to South to North migration one of the most critical security issues of current times deploying its effects well beyond states borders

The Rise of the Latino Vote Benjamin Francis-Fallon,2019-09-24 Francis Fallon returns to the origins of the U S Spanish speaking vote to understand the history and potential of this political bloc He finds that individual voters affiliate more with their particular ethnic communities than with the pan ethnic Latino identity created for them complicating the notion of a broader Latino constituency

People Flow T. G. Veenkamp,Tom Bentley,Alessandra Buonfino,2003 *Managing Migration in Italy and the United States* Lauren Braun-Strumfels,Maddalena Marinari,Daniele Fiorentino,2023-12-31 Managing Migration in Italy and the United States shows how the development of gatekeeping in the United States and Italy laid the groundwork for immigration restriction worldwide at the turn of the twentieth century The volume brings together European and American scholars many for the

The European Union's Immigration Policy Ayselin Gözde Yıldız, 2016-08-12 This book analyzes the externalization of the EU's

immigration and asylum practices towards non member transit countries and the consequences of this process Selected policy areas of externalization border management visa policy readmission agreements and asylum policy are applied to Turkey and Morocco as two main migration transit countries within two different institutional cooperation mechanisms Turkey as an EU candidate country within the EU's enlargement policy Morocco without membership prospect within the EU's neighborhood policy Yıldız applies theoretical debates and critically compares the rhetoric in policy papers with practice in the field This volume not only contributes to the issue of the external dimension of EU immigration policy by incorporating transit countries into the debate but also expands upon our understanding of the EU's contested external governance paradigm It will be of use to students scholars and policy makers in the field of European studies migration and asylum studies international relations and political science

Transit Migration Aspasia Papadopoulou-Kourkoula, 2008-10 Challenging traditional approaches to migration which puts migrants in narrow categories legal and illegal newcomer and settler Transit Migration shows that migrants and refugees live in transit for years a stage in the migration course profoundly affecting destination countries and the migrants themselves

Alternative International Migration Pathways Mary M. Kritz, 1997 *Essentials of Migration Management: Managing migration*, 2004

A Migration Audit of Poverty Reduction Strategies in Southern Africa Benjamin Roberts, 2007 The Migration Dialogue for Southern Africa MIDSA aims to facilitate regional dialogue and cooperation on migration policy issues amongst the governments of the Southern African Development Community SADC The overall objective is to facilitate regional co-operation in migration management by fostering greater understanding of migration and strengthening regional institutional and personnel capacities A Migration Audit of Poverty Reduction Strategies in Southern Africa MIDSA report No 3 examines the extent to which recent poverty reduction strategies and policy in Southern Africa reflect the current understanding of migration and its dynamics The analysis also provides some insight into the prevailing assumptions about migration and development of regional organisations governments and donors that have shaped poverty reduction strategies in the sub region
