Managing Police Operations Implementing The Nypd Crime Control Model Using Compstat:

Critical Perspectives on Effective Policing and Police Brutality Cyndy Aleo, 2017-12-15 One of the most hotly debated subjects in current events is the use of force by police personnel. In recent years protests have taken place over most of the United States after several high profile cases in which excessive force during arrests was claimed. This volume examines opinions surrounding police action in the United States and abroad such as arguments in favor of or against controversial policies such as stop and frisk. Through this wide spectrum of experiences students are encouraged to reach their own conclusions using the information they have read and synthesized.

Police Innovation David Weisburd, Anthony A. Braga, 2019-08-29 Reviews innovations in policing over the last four decades bringing together top policing scholars to discuss whether police should adopt these approaches.

Managing Police Operations Phyllis P. McDonald, 2002

This book is a descriptive presentation of how the largest and most influential police department in the nation the NYPD has significantly reduced crime over the last 10 years. As COMPSTAT is a critical tool in implementing the community policing model this case study and methodology is of supreme importance to anyone interested in community policing and studying crime reduction.

City of Disorder Alex S. Vitale, 2008-04-01 2009 Association of American University Presses Award for Jacket Design In the 1990s improving the quality of life became a primary focus and a popular catchphrase of the governments of New York and many other American cities. Faced with high levels of homelessness and other disorders associated with a growing disenfranchised population then mayor Rudolph Giuliani led New York's zero tolerance campaign against what was perceived to be an increase in disorder that directly threatened social and economic stability. In a traditionally liberal city the focus had shifted dramatically from improving the lives of the needy to protecting the welfare of the middle and upper classes a decidedly neoconservative move. In City of Disorder Alex S Vitale analyzes this drive to restore moral order which resulted in an overhaul of the way New York views such social problems as prostitution, graffiti, homelessness and panhandling. Through several fascinating case studies of New York neighborhoods and an in depth look at the dynamics of the NYPD and of the city's administration itself Vitale explains why Republicans have won the last four New York mayoral elections and what the long term impact Giuliani's zero tolerance method has been on a city historically known for its liberalism.

Leadership and Management in Police Organizations Matthew J. Giblin, 2016-09-16 Built on a foundation of nearly 1 200 references Leadership and Management in Police Organizations is a highly readable text that shows how organizational theory and behavior can be applied to improve the operations leadership and management of law enforcement. Author Matthew J Giblin emphasizes leadership and management as separate skills in successful police supervisors and executives illustrating to students how the two skills combine to improve individual and organizational efficacy in policing. Readers will come away with a stronger understanding of why organizational decisions matter and the impact research can have on police departments.

Henry, 2002 A rare behind the scenes look at the stunning crime fighting revolution that revolutionized law enforcement Ever wonder how NYC once infamous for crime and violence gains status as the safest big city year after year The answers are here coming straight from one of the actual creators of the most innovative crime reduction programs in history From the four deceptively simple principles of COMPSTAT to the accountability protocols that can imporve every agency this is more than just a case study it's field tested ready to use crime fighting blueprint **Crime Control** David John Farmer, 2013-03-08 The question of how to use police resources productively par ticularly in this era of tight municipal budgets is a major con cern for police chiefs and others responsible for crime control In Crime Control The Use and Misuse of Police Resources David J Farmer provides new insights into this question and sug gests a practical resource allocation approach for police poli cymakers and administrators The book documents the results of current police resource allocation practices and describes the major research studies that have identified a need to restructure police field operations It very usefully outlines the development and nature of allocation techniques and ana lyzes the political contexts which influence resource alloca tion After describing planning at the neighborhood level that should inform the allocation process the author provides a comprehensive planning budgeting resources allocation approach to managing a productive police department This comprehensive approach is illustrated by an account of the Manpower Allocation Review System MARS which the author developed and introduced in the New York City Police Department in 1972 when I was commissioner As I can vii FOREWORD viii attest the MARS approach had practical utility For the author it served as a forerunner to the more elaborate system he describes in this book **Risk-Based Policing**

Leslie W. Kennedy, Joel M. Caplan, Eric L. Piza, 2018-11-20 Risk based policing is a research advancement that improves public safety and its applications prevent crime specifically by managing crime risks In Risk Based Policing the authors analyze case studies from a variety of city agencies including Atlantic City New Jersey Colorado Colorado Springs Glendale Arizona Kansas City Missouri Newark New Jersey and others They demonstrate how focusing police resources on risky places and basing police work on smart uses of data can address the worst effects of disorder and crime while improving community relations and public safety Topics include the role of big data the evolution of modern policing dealing with high risk targets designing implementing and evaluating risk based policing strategies and the role of multiple stakeholders in risk based policing The book also demonstrates how risk terrain modeling can be extended to provide a comprehensive view of prevention and deterrence **Zero Tolerance Policing** Shamik Walton, 2014 In New York City racial disparities persist in

enforcement primarily because of the NYPD's overreliance on stop and frisk. The racial disparities in the period examined 2008-2012 are consistent with the overall trend from 2003. This trend correlates with the implementation of Operation Impact as a NYPD crime reduction strategy. The policing priorities established at Compstat meetings set the tone for enforcement. As such, Compstat is viewed as a major driver of stop and frisk, especially in impact zones. There are also disparities in the allocation of resources between enforcement and community outreach. Community Policing has shown its effectiveness as a bridge between the community and the police. Community Policing could be incorporated into Compstat to offset the collateral damage of disproportionate policing.
