Sven Rosenhauer,2009 Bachelor Thesis from the year 2005 in the subject Business economics Personnel and Organisation grade 1 5 University of the West of England Bristol Business School 40 entries in the bibliography language English abstract Teams and teamwork can be found in every organisation A critical literature review on teams and team building is given Assumptions concerning defining evaluating and building teams are stated Understandings of the topic vary significantly Teams are seen as co operations of individuals which are working together to accomplish given tasks Also advantages and disadvantages differ within the topic depending on the philosophical approach Advantages of teams are well understood but less proved Team building is highlighted by two different frameworks Statements about effective teamwork are reviewed and evaluated Additionally the system model as a framework for effective teamwork is illustrated and discussed Core components like communication shared beliefs leadership and shared decision making training and selection are explained Arguments about teams and teamwork are mainly based on secondary research and narratives rather than primary research The contrariness of the topic can be explained by a lack of research Furthermore methods and methodologies as well as suggestions for further research and limitations are illustrated

Leading Teams In A Week Nigel Cumberland,2016-03-10

Leading a team just got easier We live in a world of teams made up of all kinds of people We see this every day on TV in newspapers and on the web it might news about a winning sports team a company's leadership team who have succeeded in buying another company or it might be about a group of homeowners who have won a battle against a big developer This book is aimed at helping all of us no matter what kinds of teams we might need to lead it might be a group of people running a country playing a sport for university organizing a Church fete leading a start up company or managing a global multinational group All such teams have leaders who are those individuals given the task of ensuring that their team works well together to achieve whatever goals and objectives are required Very few if any of us will spend our entire lives without at some point leading other people even if only for a short time and in many cases we often lead others without having a formal leadership title In seven chapters this book will walk you through the entire process of successfully leading and managing a team showing you the key dos and don'ts and spelling out where you need to put special attention and focus These seven chapters cover How to get started with a team exploring what a great team looks like and how it performs and how to create a new team from scratch with individuals who bring their own habits skills and expectations The stages of development of a team and how a new manager can gain the respect and understanding of a team The importance of aligning

a team and setting common goals and expectations with clear agreement on a mission vision and values How to create a team culture and processes of excellent communication with clearly understood expectations well run team meetings and discussions and the minimizing of any conflict and gossip How to work with remote or virtual team members where face to face meetings are difficult to arrange How to identify and work with problematic and nonperforming members of your team and how to balance fairness and discipline How to ensure that each team member's job role is clear and that the work is efficiently delegated and shared among the team members How to grow your team through excellent training and development including coaching mentoring and on the job training How to turn a good team into a team with a culture of excellence How to create a self functioning team which can operate in your absence and in which you have groomed a successor to take over from you if needed

Managing People Rosemary Thomson, Andrew Thomson, 2012-05-04 Managing People addresses the perspective of the individual manager whose role includes the management of people as well as issues concerning the organization as a whole. The theme of the book is about responding to organizational and environmental change and the people skills that will be required for this in the twenty first century. A system model of how the different parts of HR fit together is included with the acknowledgement that different contexts require different approaches and the role of the individual manager is considered within them. The stakeholder perspective is examined as it affects the management of people and links human resource management policy and practice to financial results. This new edition also reflects the modern move towards performance management as an organizational business strategy. The role of leadership at all levels of the organization is also emphasized. There is a new chapter on managing challenging situations such as the management of diversity power stress and conflict as well as the handling of grievances and discipline. Another new chapter pulls together the increasingly important aspects of the legal regulation of behaviour at work and stresses the move from collective relationships to individual rights in the workplace. This text is suitable for use on the Chartered Management Institute Diploma level modules on recruitment and selection managing performance and developing teams and individuals. It is also to be used for NVQ courses in HRM at levels 4 and 5 and is valuable for HR Professionals and line managers
