**Statutory Instruments** Great Britain,2008    **On Roads** Joe Moran,2010-12-09 In this history of roads and what they have meant to the people who have driven them one of Britain s favourite cultural historians reveals how a relatively simple road system turned into a maze like pattern of roundabouts flyovers and spaghetti junctions Using a unique blend of travel writing anthropology history and social observation he explores how Britain s roads have their roots in unexpected places from Napoleon s role in the numbering system to the surprising origin of sat nav Full of quirky nuggets of history such as the day trips organised to see the construction of the M1 and the 2 5m Mills and Boons used to build the M6 Toll Road On Roads also celebrates innovators whose work we take for granted such as the designers of the road sign system On subjects ranging from speed limits to driving on the left and the non places where we stop to the unwritten laws of traffic jams these hidden stories have never been told together until now

**Paradoxical Urbanism** Malcolm Miles,2020-09-05 Modernist urbanism seems progressive even Utopian design for a better world through a democratic and humane built environment But two currents undermine this vision from within an Arcadianism which turns to a rural idyll as retreat from change and the effects of industrialization and an instrumentalism by which the humane vision becomes prescriptive and anti democratic Malcolm Miles argues that these two currents undermine modernism s progressive vision This book examines the roots of modernist urbanism in the seamless self contained systems of Cartesian space and identifies contradictions within modernist urbanism in its instrumentalism and reliance on de politicised professional expertise Miles adroitly reviews the postmodern culture of industrial ruinescapes and posits that if cities are to be places of proximity diversity mobility and agency this will require a move from modernist instrumentalism to a creative and radically democratic co production of the built environment
