*The Painting of Modern Life* T.J. Clark, 2017-06-28 From T J Clark comes this provocative study of the origins of modern art in the painting of Parisian life by Edouard Manet and his followers The Paris of the 1860s and 1870s was a brand new city recently adorned with boulevards caf s parks Great Exhibitions and suburban pleasure grounds the birthplace of the habits of commerce and leisure that we ourselves know as modern life A new kind of culture quickly developed in this remade metropolis sights and spectacles avidly appropriated by a new kind of consumer clerks and shopgirls neither working class nor bourgeois inventing their own social position in a system profoundly altered by their very existence Emancipated and rootless these men and women flocked to the bars and nightclubs of Paris went boating on the Seine at Argenteuil strolled the island of La Grande Jatte enacting a charade of community that was to be captured and scrutinized by Manet Degas and Seurat It is Clark s cogently argued and profusely illustrated thesis that modern art emerged from these painters attempts to represent this new city and its inhabitants Concentrating on three of Manet s greatest works and Seurat s masterpiece Clark traces the appearance and development of the artists favorite themes and subjects and the technical innovations that they employed to depict a way of life which under its liberated pleasure seeking surface was often awkward and anxious Through their paintings Manet and the Impressionists ask us and force us to ask ourselves Is the freedom offered by modernity a myth Is modern life heroic or monotonous glittering or tawdry spectacular or dull *The Painting of Modern Life* illuminates for us the ways both forceful and subtle in which Manet and his followers raised these questions and doubts which are as valid for our time as for the age they portrayed *Manet and Modern Paris* National Gallery of Art (U.S.), Theodore Reff, 1982

**Manet and Modern Paris** Theodore Reff, 1982 *Manet and Modern Beauty* Gloria Groom, 2019-06-25 This stunning examination of the last years of douard Manet s life and career is the first book to explore the transformation of his style and subject matter in the 1870s and early 1880s The name Manet often evokes the provocative heroically scaled pictures he painted in the 1860s for the Salon but in the late 1870s and early 1880s the artist produced quite a different body of work stylish portraits of actresses and demimondaines luscious still lifes delicate pastels intimate watercolors and impressionistic scenes of suburban gardens and Parisian caf s Often dismissed as too pretty and superficial by critics these later works reflect Manet s elegant social world propose a radical new alignment of modern art with fashionable femininity and record the artist s unapologetic embrace of beauty and visual pleasure in the face of death Featuring nearly three hundred illustrations and nine fascinating essays by established and emerging Manet specialists a technical analysis of the late Salon painting Jeanne Spring a selection of the artist s correspondence a chronology and more *Manet and Modern Beauty* brings a diverse range of approaches to bear on a little studied area of this major artist s oeuvre **Manet's Modernism** Michael Fried, 1996 Fried put forward a highly original beholder centered account of the evolution of a central tradition in French painting from Chardin to Courbet P 4 of cover **(Edouard) Manet and Modern Paris.
