State and Ethnicity in China's Southwest Xiaolin Guo, 2008-06-30 Twentieth century China

has seen local societies undergo unprecedented transformations accompanied by a remarkable continuity in state practice In this path breaking study of two ethnically different communities the matrilineal Mosuo and the patrilineal Han in northwest Yunnan province the author traces cultural change from a historical perspective in relation to the ecological environment and political systems The treatment of state penetration into local society challenges the conventional binary narratives of state society and Han non Han relations With its interdisciplinary approach the book enriches the anthropology of China by framing ethnicity issues in terms of local politics and inter relationships between levels of government and at the same time extends the analytical perimeter of the study of the Chinese state to the national periphery **Muslim Turkistan** Bruce Privratsky,2013-11-19 This ethnography of Muslim life among the Kazaks of Central Asia describes the sacralisation of land and ethnic identity local understanding of Islamic purity the Kazak ancestor cult and domestic spirituality and pilgrimage to the tombs of Sufi saints *Mongolia and Northeast Asian Security* Alicia J. Campi,Jagannath Panda,2021-08-26 This book assesses Mongolia s position in the security calculus of Northeast Asia and presents the policy outlooks of major powers vis a vis the region including the United States Japan China Russia and India Ground breaking and modernistic in its approach the book treats the often marginalised and landlocked small power state of Mongolia as a critical regional actor particularly with regards to managing ties with encircling major powers Russia and China and assist in engaging the nuclear state of North Korea through dialogue mechanisms This compilation of chapters by distinguished scholars explores Mongolia in the Northeast Asian geographical space within the context of three major themes nuclear proliferation environmental security and socio economic and civilisational conflicts The book provides a multidisciplinary and multinational approach to Mongolia s role in the region s strategic landscape It moves the regional security discussion beyond major power politics North Korea s denuclearisation and the impasse on the Korean Peninsula to discuss and analyse other underappreciated challenges facing the region Considering Mongolia s role in achieving peace and stability in the neighbourhood the book will be a valuable resource for researchers and readers in International Relations Political Science and Asian Studies **The Secret of the Pacific** Charles Reginald Enock,1912 **Jacob H. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
