## **Manas Manna:**

**Manas Manna** Bob Venosa,1978    *The Burning Bush* Edward Reaugh Smith,1997-07 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of *The Burning Bush* is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit    [David's Question](#)  
Edward Reaugh Smith,2001-11 This collection of the astronomical writings by Dr Elisabeth Vreede is a fascinating compendium of scientific and spiritual knowledge Between September 1927 and August 1930 Dr Vreede wrote a monthly letter available by subscription about both modern astronomy and classical astrology in the light of spiritual science These letters include clear explanations of the fundamentals of astronomy and discussions on the role of astrology in the modern world They also include inspiring presentations of a worldview that sees the stars planets and all physical phenomena as manifestations of spiritual beings and spiritual activities A previous edition was published as *Anthroposophy and Astrology*
