## **Manicdepression Illness Or Awakening:**

Manic-Depression Robert E. Kelly,1995 A manic depressive argues that the condition is not an illness but a spiritual condition similar to those experienced by followers of Eastern religions and by Native Americans 100 Questions & Answers About Bipolar (Manic-Depressive) Disorder Ava T. Albrecht,Charles Herrick,2006-11-30 EMPOWER YOURSELF Whether you re a newly diagnosed patient a friend or relative this book offers help The only volume to provide both the doctor s and patient s views 100 Questions Answers About Bipolar Manic Depressive Disorder gives you authoritative practical answers to your questions about treatment options coping strategies sources of support and much more Written by a prominent psychiatrist with actual patient commentary this book is an invaluable resource for anyone coping with the medical psychological and emotional turmoil of this debilitating condition 2007 256 pages **Manic-Depressive Illness** Frederick K. Goodwin,Kay Redfield Jamison,2007-03-22 The revolution in psychiatry that began in earnest in the 1960s led to dramatic advances in the understanding and treatment of manic depressive illness Hailed as the most outstanding book in the biomedical sciences when it was originally published in 1990 Manic Depressive Illness was the first to survey this massive body of evidence comprehensively and to assess its meaning for both clinician and scientist It also vividly portrayed the experience of manic depressive illness from the perspective of patients their doctors and researchers Encompassing an understanding about the illness as Kraepelin conceived of it about its cyclical course and about the essential unity of its bipolar and recurrent unipolar forms the book has become the definitive work on the topic revered by both specialists and nonspecialists alike Now in this magnificent second edition Drs Frederick Goodwin and Kay Redfield Jamison bring their unique contribution to mental health science into the 21st century In collaboration with a team of other leading scientists a collaboration designed to preserve the unified voice of the two authors they exhaustively review the biological and genetic literature that has dominated the field in recent years and incorporate cutting edge research conducted since publication of the first edition They also update their surveys of psychological and epidemiological evidence as well as that pertaining to diagnostic issues course and outcome and they offer practical guidelines for differential diagnosis and clinical management The medical treatment of manic and depressive episodes is described strategies for preventing future episodes are given in detail and psychotherapeutic issues common in this illness are considered Special emphasis is given to fostering compliance with medication regimens and treating patients who abuse drugs and alcohol or who pose a risk of suicide This book unique in the way that it retains the distinct perspective of its authors while assuring the maximum in depth coverage of a vastly expanded base of scientific knowledge will be a valuable and necessary addition to the libraries of psychiatrists and other physicians psychologists clinical social workers neuroscientists pharmacologists and the patients and families who live with manic depressive illness **Depression and manic-depressive illness** Frederick K.
