Missing Persons:

Missing Persons Amanda Vink, 2017-12-15 Many crime shows and movies deal with the topic of a mysterious disappearance but fictional stories often sensationalize the topic in order to catch the viewer's interest. In reality, finding a missing person can be hard work for detectives as there are sometimes few clues left behind. Readers discover how police use math and science to solve this puzzle. Full color photographs, informative sidebars, and by the numbers fact boxes augment the compelling text, giving readers a more accurate understanding of the process of searching for missing persons than they will find on television or at the movies.

Missing Persons Karen Shalev Greene, Llian Alys, 2016-10-14 A missing person is an individual whose whereabouts are unknown and where there is some concern for his or her wellbeing. In the UK, around 250,000 people are reported missing every year, with the majority being children under the age of 18. Despite the fact that missing persons are a social phenomenon which encompasses vast areas of interest, relatively little is known about those who go missing, what happens to them while they are missing, and what can be done to prevent these incidents from occurring. This groundbreaking book brings together for the first time ideas and expertise across this vast subject area into one interconnected publication. It explores the subjects of missing children, missing adults, the investigative process of missing person cases, and the families of missing persons. Those with no prior knowledge or professionals with focused knowledge in some areas will be able to expand their understanding of a variety of topics relevant to this field through detailed chapters which advance our understanding of this complex phenomenon, discuss what is unknown, and suggest the best and most important steps forward to further advance our knowledge.

Handbook of Missing Persons Stephen J. Morewitz, Caroline Sturdy Colls, 2016-12-19 This ambitious multidisciplinary volume surveys the science, forensics, politics, and ethics involved in responding to missing persons cases. International experts across the physical and social sciences offer data, case examples, and insights on best practices, new methods, and emerging specialties that may be employed in investigations. Topics such as secondary victimization, privacy issues, DNA identification, and the challenges of finding victims of war and genocide highlight the uncertainties and complexities surrounding these cases, as well as possibilities for location and recovery. This diverse presentation will assist professionals in accessing new ideas, collaborating with colleagues, and handling missing persons cases with greater efficiency and potentially greater certainty. Among the Handbook's topics: A profile of missing persons, some key findings for police officers, Missing persons investigations and identification issues of scale, infrastructure and political will, Pregnancy and parenting among runaway and homeless young women, Estimating the appearance of the missing, forensic age progression in the search for missing persons, The use of trace evidence in missing persons investigations, The investigation of historic missing persons cases, genocide and conflict time, human rights abuses. The depth and scope of its expertise make the Handbook of Missing Persons useful for criminal justice and forensic professionals, health care and mental health professionals, social scientists, legal professionals, policy leaders, and community

leaders and military personnel as well as for the general public The Last Place You'd Look Carole Moore,2011-03-03

What happens when a non custodial parent kidnaps her son Or a college student vanishes after a night out with friends Or a middle aged man seemingly drowns in calm waters What do family members friends and law enforcement do when a beloved goes missing Here Moore explores an array of missing persons scenarios using real life stories to uncover the various ways that people go missing the efforts made to retrieve them the emotional fallout for family and friends and the difficulties and challenges such cases present for all involved She covers parental abductions intentional disappearances stranger abductions the missing and mentally ill runaways foul play and other situations where people go missing In addition the criminal justice approach to missing persons is discussed as Moore looks at the science of missing persons DNA forensic dentistry etc resources for family and friends national organizations such as the National Center for Missing and Exploited Children and other groups involved in searching and recovering loved ones Here readers will discover how people are found how missing persons cases are treated and how and why some stories have happy endings and others do not **Finding Runaways and Missing Adults** Robert L. Snow,2012-03-29 Every year in the United States almost two million children run away from home In addition on the average the police in our country have at any one time over 100 000 active missing adult cases This book will show readers how with just a little advance preparation and insight they can greatly increase their chances of finding a missing loved one even after police have stopped actively looking With sensationalized child disappearances teenagers vanishing and adults faking their own deaths the challenge of finding missing persons often falls most directly on those who love them And though in past years this involved a considerable amount of footwork that is no longer the case With the advent of the Internet and the many new search engines available much of the searching and canvassing can now be done from computers Family members and friends looking for missing loved ones need to know what programs and databases to access though to get the search under way Snow reveals to readers the process the police use when trying to locate missing people of interest information that readers can then use to locate their own missing loved ones Using real stories and first hand accounts the author offers hope and guidance to those who may have given up the search for a child a spouse a parent or a friend Missing People Seth Balfour,2016-04-18 The Chilling True Stories Of Strange And Unusual Disappearances Unexplained Missing People And Missing Persons Cases Most of us just skip over the info about missing person cases on the news because our reality doesn't involve losing anyone we like or love But for those people whose day starts and ends with a prayer of safe homecoming the reality is cruel sad and dark Not that your reality will be affected if you listen to the missing persons updates but in an era when no child is left behind it's shameful to leave behind someone who somebody cares about Most missing people cases usually end up as murders A large number of them are just people who are trying to escape their life and forge a new identity But the most interesting cases are those with few clues and evidence to never be completely solved the cases remain as mysteries forever One thing's for sure even though they say

that the truth always wins missing people cases can prove that with enough planning money and power you can make anybody disappear and get away with it Missing People Seth Balfour,2016-04-19 Volume 2 of the Missing People series Mysterious True Stories And Gripping Missing Persons Cases Of The Last Century Where Do Missing People Go Closure People who mysteriously lost someone crave this Whatever happened to their loved ones whether they are still alive somewhere or they died the people they left behind want to know For them knowing the ending no matter how horrible is better than continuously thinking of the terrible things that they might be suffering In the cases that we discuss closure is elusive It s a wonder whether the families will ever find the truth behind these disappearances cases Unexplained disappearances are something not to be taken lightly Just imagine how could someone not be found when in almost all corners authorities and concerned vigilant people are on the lookout If they were murdered then why does the perpetrator have the ability to hide the body without a law enforcers knowledge If they willingly disappeared how come no solid tip was observed Perhaps their disappearances are ought to teach us a lesson that anything can happen to anyone at anytime

Perspectives on Missing Persons Cases Mary Graw Leary,Sharon Cooper,Patty Wetterling,Daniel D. Broughton,2015 This volume has been developed to identify the most current information regarding missing persons While information is generally available regarding missing children cases the book includes material on missing elders missing adults and human trafficking cases Acknowledging the limited research in the field the contributors use cases featuring children to underscore larger points regarding all missing persons cases It is hoped that this work will trigger further research and exploration of these areas Perspectives on Missing Persons Cases includes not only professional academic and statistical information but personal narratives as well Throughout the book the reader will find experiential chapters authored by victims and their families The highly personal accounts of their journeys can aid the professional in serving victims in a comprehensive manner sensitive to the unique needs of a missing persons case The Long Term Missing Silvia Pettem,2017-03-17 When loved ones go missing the lives of their family members are turned upside down As the days and months turn into years some families are caged in by their grief while others become proactive renewing police contacts keeping up with the latest technologies and educating themselves as they strive to become their long term missing persons advocates By inspiring hope as well as providing answers and practical advice The Long Term Missing Hope and Help for Families assists families in navigating the uncharted territory they never chose to enter Author Silvia Pettem also provides families with information to better understand how law enforcement and related agencies work to solve missing persons cases Along the way she takes her readers behind the scenes while emphasizing that every unidentified person is a missing person to someone else With real cases both solved and unsolved the book also illustrates the resources available and the actions that family members civilians and law enforcement agencies can take to search for long term missing persons to identify previously unknown remains and to bring the missing persons home The Long Term Missing Hope and Help for Families inspires hope and gives

answers as it empowers family members of long term missing persons to be proactive and to become their missing persons advocates

Missing Persons Fay Faron, 1997 With *Missing Persons* in hand you'll find the types that commonly become PIs: ex-cops, macho criminal wannabes, reporters, the easiest people to find, men, property owners and professionals and the hardest women, scoundrels and those with common names. Profiles of the missing and profiles of those searching, how and why people hide, what can be gleaned from public record, secret and not so secret databases and the lowdown on interviewing, surveillance and the benefits of a good scam. *Missing Persons* goes beyond the basic search and details the process of looking for someone, typical clients and the reaction once the missing is found. There's more than a presentation of facts here. Faron backs up her clues with anecdotes from Rat Dog case files. As with any good whodunit, Faron's engaging style and true life adventures will have you turning pages. In short, every gumshoe's search should begin here.

[Missing Persons](#) Hector Z. Gregory, 2017-03-15 How Did They Disappear Inside The True Crime Files Of The Vanished Claim Your FREE Books Each Week With This Book The people in these stories that are covered in this book had plans for their day. There were things that they were going to do, people that they were going to meet with. Their day was supposed to be like any other day. However, their days did not end like any other day. By the end of the day, their families, their towns and their schools would be searching for them. Many of those people even believing that their family or friend would return soon. However, the people that we learn about in this book never returned. Most of the cases had no clues for the detectives to go off of and none of them were ever found. How is it possible that people can simply disappear and no evidence as to where they had gone be found? How is it possible that so many people simply vanish and are never found even though people never stop searching? It is a question that we may never know the answer to but in the following stories you will see just how easily a person can vanish and never be found. Here's A Preview Of What's In This Book

Rarely when we think about danger or our chances of being harmed, do we think about the people that we know. Most of the time we do not think that the people we work with, those that work for us or those that we are associated with would ever cause us harm. However, this is what actually happens frequently. As you read this book, you will begin to see just how often it does happen. None of the cases in this book have ever been solved but when you look at the evidence that will be presented to you, chances are that you are going to come to the same conclusion: that the police have most of these people have gone missing at the hands of someone they knew. On top of this, because these people seemed to vanish from the face of the earth, no one has been held accountable for their

disappearances Their families have not gotten to lay them to rest and still mourn their loss as they have been unable to fully grieve not knowing if the person that they love is still out there or if they have passed from this life While these are quite intriguing stories they are heartbreaking as well As you read them you are reading about experiences that families have gone through true stories of real terror as parents found out that their child was missing as children found out that their parents were gone and as friends found out those that they cared for had simply disappeared Here s A Preview Of What s In This Book Missing Persons Everyone s Hero Missing Persons Five Months Pregnant and Gone Missing Persons The Springfield Three Missing Persons The Missing Bride Missing Persons A Case of Misplaced Trust Much much more Scroll Up and Get Your Copy of This Book Today
