## Missing Person:

**Missing People** Phil Coleman, 2017-09-12 MISSING PEOPLE Gone Without A Trace An FBI study showed in 2014 there were 83 957 people missing in the United States An average of 750 000 missing persons cases are reported each year with around 2 000 people being reported missing daily When a missing person report is filed the longer the case goes on without the person re appearing the more likely the missing person in question is dead from either homicide or natural causes The majority of missing people are white male adults missing children are rightfully more covered by the media as studies show that the first three hours after a child is missing is when they are most likely to be murdered if killing the child is the intent of the abductor With increased technology improvements in DNA evidence gathering and better law enforcement communication and cooperation solving missing persons cases should have gotten easier and been more successful over time However solving these cases is still difficult and many are never found This is the story of some of those cases affecting victims who still remain unfound Where did these people go What fate befell them And will they ever be found *Missing People* Seth Balfour, 2016-04-18 The Chilling True Stories Of Strange And Unusual Disappearances Unexplained Missing People And Missing Persons Cases Most of us just skip over the info about missing person cases on the news because our reality doesn't involve losing anyone we like or love But for those people whose day starts and ends with a prayer of safe homecoming the reality is cruel sad and dark Not that your reality will be affected if you listen to the missing persons updates but in an era when no child is left behind it's shameful to leave behind someone who somebody cares about Most missing people cases usually end up as murders A large number of them are just people who are trying to escape their life and forge a new identity But the most interesting cases are those with few clues and evidence to never be completely solved the cases remain as mysteries forever One thing's for sure even though they say that the truth always wins missing people cases can prove that with enough planning money and power you can make anybody disappear and get away with it *The Long Term Missing* Silvia Pettem, 2017-03-17 When loved ones go missing the lives of their family members are turned upside down As the days and months turn into years some families are caged in by their grief while others become proactive renewing police contacts keeping up with the latest technologies and educating themselves as they strive to become their long term missing persons advocates By inspiring hope as well as providing answers and practical advice *The Long Term Missing* Hope and Help for Families assists families in navigating the uncharted territory they never chose to enter Author Silvia Pettem also provides families with information to better understand how law enforcement and related agencies work to solve missing persons cases Along the way she takes her readers behind the scenes while emphasizing that every unidentified person is a missing person to someone else With real cases both solved and unsolved the book also illustrates the resources available and the actions that family members civilians and law enforcement agencies can take to search for long term missing persons to identify previously unknown remains and to bring the missing persons home *The Long Term*

Snow,2012-03-29 Every year in the United States almost two million children run away from home In addition on the average the police in our country have at any one time over 100 000 active missing adult cases This book will show readers how with just a little advance preparation and insight they can greatly increase their chances of finding a missing loved one even after police have stopped actively looking With sensationalized child disappearances teenagers vanishing and adults faking their own deaths the challenge of finding missing persons often falls most directly on those who love them And though in past years this involved a considerable amount of footwork that is no longer the case With the advent of the Internet and the many new search engines available much of the searching and canvassing can now be done from computers Family members and friends looking for missing loved ones need to know what programs and databases to access though to get the search under way Snow reveals to readers the process the police use when trying to locate missing people of interest information that readers can then use to locate their own missing loved ones Using real stories and first hand accounts the author offers hope and guidance to those who may have given up the search for a child a spouse a parent or a friend Missing People Ryan Gillmore,2016-04-18 Unusual Missing Persons Cases Reports And True Stories Of Missing People 5 years 10 15 or 50 it doesn t matter how many years have gone by if you have a loved one who went missing and never returned each year can be torture The moment the news of a disappearance has spread people will start giving you clues leads will overflow and suspicions will pour out Even if you take each of the tips seriously it s not a guarantee that you will be reunited with your loved one Disappearance cases are always stressful In the cases we will discuss in this book you will realize that one detail from the past can make a brother suspect his sister You will notice that even though the leads are abundant most of them are vague incapable of pointing you in the right direction The case could have happened almost 8 decades ago but a new lead will emerge Ordinary people no matter how simply they live can always have something sinister come upon them *Cathy Moulton Missing & Endangered* Kevin Cady,2016-11-20 It s every parent s worst nightmare Your child goes out one day vanishes off the face of the earth and no one seems to care You need to fight tooth and nail to try and get anyone in authority to pay attention On September 24 1971 one horrifying choice forever shattered the lives of 16 year old Cathy Marie Moulton s loved ones A bright and vibrant adolescent who made consistent and appropriate life decisions suddenly made an impulsive and poor choice She disappeared without a trace that day in Portland Maine More than 40 years later Portland Police Department case 71 60141 Cathy Moulton Missing Endangered is one the oldest active missing person cases in North
