**U.S. Naval Power in the 21st Century** Brent Droste Sadler, 2023-05-15 2023 Naval Institute Press Author of the Year Finalist National Security Book Award This nation s Cold War and Global War on Terror defense structures need an update U S Naval Power in the 21st Century provides such a framework for the changed world we live in offering a detailed roadmap that shows how the United States can field a war winning fleet that can also compete aggressively in peacetime against dangerous competitors unlike any the nation has faced before Brent Sadler presents a compelling new strategy and organizing approach that he calls naval statecraft which acknowledges the centrality and importance of the maritime domain While similar in scale and scope to Cold War containment strategies against the Soviets naval statecraft is much more It must be to challenge China s involvement in global supply chains which gives that country significant financial heft and influence around the world Unlike what existed during of the Cold War however Sadler provides a unique vision for competing with China and Russia Rather than simply calling for better coordinated U S diplomacy military operations and economic statecraft Sadler argues for integrating the levers of national power coherently and in a sustainable way This is no small feat and his approach is informed by a long career rich in working with various agencies of government foreign militaries including hostile ones and our allies It is an approach imminently appropriate to our times but comes with a realization that the nation is not ready for the competition it faces from China and Russia The book is a valuable contribution to the national debate over how best to respond to China s rise and Russia s antagonisms
