Senate Correspondent of *The Washington Post*

Packwood Report

Rosemarie Skaine

Packwood Report:

The Packwood Report, 1995 You've read the news reports you've heard the stories now read the official indictment of Senator Robert Packwood issued on September 7, 1995 by the Senate Ethics Counsel. This is the report that forced the Senator to announce his resignation. This is the report that stunned the Congress and the country with a shocking look at the corruption and misconduct of an American Senator including his own revealing diaries. No political scandal in recent times has so mesmerized the nation as the downfall of Oregon Senator Bob Packwood who is only the fifth Senator in more than two hundred years of congressional history to relinquish his seat to avoid expulsion. Drawing liberally from Packwood's own diaries and upon the testimonies and depositions contained in the Ethics Committee's recently released ten volumes totaling more than 10,000 pages, *The Packwood Report* is an astonishing document. It is essential reading for anyone who cares about politics, power, and corruption in government today. Report on the Activities of the Committee on Commerce, Science, and Transportation

United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 1983 **Power and Gender** Rosemarie Skaine, 1996-01-01 Most Americans were shocked when Anita Hill charged U.S. Supreme Court nominee Clarence Thomas with sexual harassment. Not surprisingly, the nation was divided on the Senate hearings on the matter; some believed Hill, others Thomas. Perhaps the most important result of the hearings was to open the eyes of a majority of the public to the issue of sexual harassment and to begin a dialog on the issue. This work first defines sexual harassment including operational, sociological, and legal definitions and then provides a history of the issue in the United States and a theoretical framework of why harassment occurs. This is followed by a look at the legal dimension of the problem with a discussion of pertinent federal and state laws and Equal Employment Opportunity Commission (EEOC) decisions. The incidence and settings, e.g., workplace, housing, religious institutions, are next examined, followed by chapters on sexual harassment in the government, the military, and in education. The book concludes with discussions of strategies for the victims and for employers.
