LAST DAYS How do I imagine my life after reaching my goals When one uses empathy in real life to understand why a person is angry or a child is throwing a tantrum he she might learn about things in their lives that trigger the behavior For example one might find that something happened at home thus pushing the angry person to act out or that the child did not have a meal in the morning thus they are not okay Empathy enables one to ask questions about the situation or behavior of another person before taking a defensive stance or reacting to some emotions There may still be the need for disciplinary action but one should use empathy first Empathy makes a person feel valued and understood even if they are punished for the wrong deeds and as such they will accept responsibility for their action Empathy is currently the missing link in schools families workplaces and the world at large Empaths aren t made Compassion is that the nature of each single cognizant being toward the beginning once they are made by God The God Empaths may finish up constantly interested in nature as a kind of discharge It s okay to be perplexed about where you fall in the world of personalities but you are sure to reach a solid conclusion once you go through the first chapter where you are guided through understanding the traits and habits that constitute a highly sensitive personality This will help clear things up for you Get ready to relate deeply with experiences you might have come across while also gaining an extensive knowledge of strange or new experiences with your feelings and
