web jul 1 1999 the complex geometry of the exhaust line and the special flow conditions complicate the problem of accurately estimating several important heat transfer parameters this paper initially summarizes the current status of knowledge regarding heat transfer phenomena in automotive exhaust systems

optimal design of automobile exhaust system using gt power - Jan 08 2023

web jan 1 2007 the main objective of this paper is to design exhaust system particularly the exhaust manifold using gt power software and to compare its performance with an existing system

design optimization of exhaust muffler design - Oct 05 2022

web expansion chambers are effective tools for reducing noise in several applications the most familiar example is probably the automotive muffler where a single tuned expansion chamber is utilized therefore automotive exhaust system is a

be 5547 new methodologies for exhaust system - Sep 04 2022

web introduction the work performed by the eight partners during the exasysde project concerned four main areas fluid dynamics acoustics catalytic converter operation materials two exhaust systems have been built and successfully tested thus validating the procedure and the design tools

methodology for exhaust system design optimization for light - Apr 11 2023

web jan 9 2019 methodology for exhaust system design optimization for light weight passenger vehicles 2019 26 0269 while designing the exhaust system of passenger car on one hand there is stringent emission regulations packaging constraints high nvh performance requirement

engineering material selection for automotive exhaust systems - Feb 09 2023

web jun 28 2017 abstract the aim of this report is focused on reviewing the automotive exhaust system with respect to its in service conditions and selection of suitable materials for exhaust manifold downpipe silencer muffler box and tail pipe in an exhaust system

exhaust system wikipedia - Mar 30 2022

web an exhaust system is used to guide reaction exhaust gases away from a controlled combustion inside an engine or stove the entire system conveys burnt gases from the engine and includes one or more exhaust pipes depending on the overall system design the exhaust gas may flow through one or more of cylinder head and exhaust manifold

advanced design of automotive exhaust silencer systems sae international - Aug 03 2022

web sep 1 1992 advanced design of automotive exhaust silencer systems 922088 this paper presents some of the innovative exhaust noise reduction techniques an exhaust system development engineer can employ when his customer the car manufacturer increases the engine swept volume and engine power without allowing any change in the

design and optimization of automobile exhaust system ijret - Jun 13 2023

web this project is to design exhaust system and to compare its performance with an existing system available the newly designed exhaust system shows lower back pressure which ultimately results better performance of the engine low vibration levels are critical to achieve in automobile exhaust system

design and testing of automobile exhaust system - Dec 07 2022

web nov 25 2014 design and testing of automobile exhaust system november 2014 international journal of research in engineering and technology 03 11 164 168 doi 10 15623 ijret 2014 0311026 authors

a systems approach to automotive exhaust system development - Mar 10 2023

web jan 18 2003 this paper reviews the requirements design considerations and developments in the field of exhaust systems for automotive application it emphasizes the importance of quality tools like design review dfmea pfmea and dvpr for exhaust systems which are elucidated with an aim to achieve performance quality and durability

shrinking an exhaust resonator for new automotive design - Jan 28 2022

web aug 24 2023 a new technology from faurecia an automotive industry supplier reduces the size of exhaust pipe resonators close to the vanishing point it is another example of how innovation can bring new life to old line mechanical systems resonators are typically found on vehicles with long exhaust pipes

design and testing of automobile exhaust system - Apr 30 2022

web design and testing of automobile exhaust system esat journals the aim of this paper is to provide deeper understanding of the dynamics of automobile exhaust system to provide a basis for the improved design development of computationally inexpensive theoretical system model

engineering material selection for automotive exhaust systems - May 12 2023

web owing to this revolution material selection prior to manufacturing of automotive exhaust systems has been very crucial a typical automotive exhaust system incorporates piping system that directs hot reaction gases away from the combustion chamber of an internal combustion engine of automobile systems 10

dynamics study of an automobile exhaust system diva - Feb 26 2022

web 1 1 automobile exhaust system design an automobile exhaust system has several functions originally it was used for silencing the noise caused by high pressure exhaust gases leaving the engine and for transporting these hot and toxic gases away from the driver s compartment nowadays it is also an important and integral part of

a systems approach to automotive exhaust system development - Nov 06 2022

web jan 18 2003 a design methodology is developed to expedite the mechanical design of an automobile exhaust system the relation between the system design and the component design is defined by a top down

performance exhaust basic principles and design cartechbooks - Jul 02 2022

web the four stroke engine cycle each stroke of the engine cycle has a different effect on the exhaust system to better understand intake and exhaust events in the engine you need to understand the four cycle event which includes the intake stroke compression stroke power stroke and exhaust stroke

design of an automobile exhaust system jetir - Jul 14 2023

web design of an automobile exhaust system jaya prakash swain and a k raghav amity school of engineering technology amity university haryana gurgaon india abstract present day engines are required to have more engine power and are also required to meet the strict pollution standards
