**Emotional Intelligence for Beginners** K. L. Hammond, 2018-01-23 Did you know that your IQ is only a tiny portion of your overall intelligence and that it doesn't necessarily indicate how successful you will be in life? If that's true, what is the most reliable indicator for the level of success you'll experience? Emotional intelligence, also known as EQ. In *Emotional Intelligence: Emotional Intelligence for Beginners*, you will learn what is emotional intelligence. In the introduction and throughout the book, we'll focus on giving you a comprehensive definition of this term and show you how it matters to you. Are you born with this type of intelligence, or can it be developed? How can you develop it? The history of the term, who coined the term, emotional intelligence, how has it become a popular field of study in psychology, and how has it changed the way we view personality? How it can benefit you. In what ways can developing your emotional intelligence benefit you in life? What specific areas will it give you advantages in? You will find out throughout this book. How is EQ measured? How are you supposed to know where you stand with your emotional intelligence, also called your EQ currently? And once you know how can you improve it? And more. If you are ready to take your life into your own hands and improve your motivation, self-control, empathy, and become a better person all around, it's time to learn all you can about EQ.

[Emotional Intelligence](#) Daniel Clark, 2019-06-13 Buy the paperback version of this book and get the kindle version FREE. *Emotional Intelligence: The Essential Beginners Guide*. If you want to learn about the different kind of intelligence that many corporations are using in their hiring assessments of potential candidates, then this book, *Emotional Intelligence: The Essential Beginners Guide to Mastering Social Skills, Improve Relationships, and Control Emotions*, Social Skills, Anger Management, Enneagram, and Self-Discipline, is the book that is a must-read to help you begin your journey in learning how to develop your emotional intelligence. Emotional intelligence, also known as EQ or EI, is a person having the aptitude and the ability to recognize, understand, and manage their emotions, as well as recognize, understand, and influence the emotions of others. Our emotions can motivate our behavior, as well as affect

people either positively or negatively. It is how to become knowledgeable in coping with our emotions and the emotions of others. This is particularly important when our emotions are under stress. This book is a guide to those who are beginners in comprehending and developing emotional intelligence. You may already have innate emotional awareness and emotional intelligence yet never identified what you have within your psyche. As you read through the chapters and each characteristic is explained, you may then be able to connect to each of these aspects of emotional intelligence with yourself. There are a number of qualities that make up emotional intelligence. Some people have an abundance of these qualities while others lack many and do not have the ability to recognize how their decisions, reactions, and interactions with others can be inappropriate because of the inability to acknowledge or connect with their emotions. This book will give you the information you need to understand how important it is to incorporate emotional intelligence into your life to develop a better understanding of your inner self, your emotions, how your actions can be driven by them as well as how they can affect others around you. Some of the highlights of Emotional Intelligence are: The Emotional Intelligence Test is in the back of the book. Take the test and see what range your emotional intelligence is. How taking an emotional intelligence test is one of the first steps to establish how emotionally intelligent you are. How your professional life can be hampered if you do not have control over your emotions and they not only affect your productivity but the productivity of our coworkers. How are interpersonal relationships with our significant other, family, and friends can be enhanced when we not only recognize how we feel and react emotionally but how we can recognize how they feel and react because of their emotions as well. How having empathy is one of the core factors in being able to put ourselves in the place of others and try to understand how they're feeling and why they feel as they do. And more.

*Emotional Intelligence For Dummies* Steven J. Stein, 2009-07-13. Straightforward guide to taking control of your emotions. Being aware of and in control of your emotions is one of the keys to success in life both professionally and personally. Emotional Intelligence For Dummies will show you how to take control of your emotions rather than letting your emotions control you. Discover how developing your emotional intelligence can further your relationships with others in the workplace and at home. Emotional awareness is also a critical skill for career success and Dr Stein provides practical exercises for developing this skill and achieving your professional and personal goals. He also provides valuable insights into how emotional intelligence can be applied to raising children and teenagers and realizing personal happiness. Full of lively anecdotes and practical advice, Emotional Intelligence For Dummies is the ideal book for anyone who wants to get smart about their feelings and reach the next level at work and at home. Manage your emotions, identify your feelings, determine what beliefs cause negative emotions and stop self-destructive behaviors. Eckhart,2021-05-02 55% OFF for Bookstores NOW at 15.29 instead of 33.97 LAST DAYS Have you ever wondered how building a habit is correlated to Emotional Intelligence? It is commonly said that it takes 21 days to make a habit stick. With that in mind, each skill will take several weeks to ingrain in your mind and body, and that is only if you practice them every single day. Fortunately, you can work on several skills at a time. There will be plenty of opportunities every day that you can apply your new emotional intelligence tools to, and many of these opportunities allow you to practice more than one skill. Others are more situational and it could take even longer before you have the opportunity to really work on them. For example, practicing cultural social awareness is going to be based on how often you are exposed to other cultures. If you are feeling overwhelmed or think that it is downright impossible, break it down into a step-by-step plan for yourself. Rather than focus on the overall goal and the big picture, try setting smaller goals for yourself. The best way to set a goal is to write down your overall goal, for example, increasing your chances of success. Then you will want to write down three steps to take in order to reach that goal, such as improving EQ, getting a better job, or establishing a long-term romantic relationship. Once you have your three steps written out, break each of them into three smaller steps. This book covers EQ Skills That Will Help Your Career.
