Development Foster's Group **Permission to Feel** Marc Brackett, Ph.D., 2019-09-03 The mental well being of children and adults is shockingly poor Marc Brackett author of Permission to Feel knows why And he knows what we can do We have a crisis on our hands and its victims are our children Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional Intelligence In his 25 years as an emotion scientist he has developed a remarkably effective plan to improve the lives of children and adults a blueprint for understanding our emotions and using them wisely so that they help rather than hinder our success and well being The core of his approach is a legacy from his childhood from an astute uncle who gave him permission to feel He was the first adult who managed to see Marc listen to him and recognize the suffering bullying and abuse he'd endured And that was the beginning of Marc's awareness that what

he was going through was temporary He wasn't alone he wasn't stuck on a timeline and he wasn't wrong to feel scared isolated and angry Now best of all he could do something about it In the decades since Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well being His prescription for healthy children and their parents teachers and schools is a system called RULER a high impact and fast effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it RULER has been proven to reduce stress and burnout improve school climate and enhance academic achievement This book is the culmination of Marc's development of RULER and his way to share the strategies and skills with readers around the world It is tested and it works This book combines rigor science passion and inspiration in equal parts Too many children and adults are suffering they are ashamed of their feelings and emotionally unskilled but they don't have to be Marc Brackett's life mission is to reverse this course and this book can show you how *Emotional Intelligence Habits* Travis Bradberry, 2023-08-29 Change your habits change your life A powerful new way to increase your emotional intelligence Emotional Intelligence Habits is a groundbreaking new book from Dr Travis Bradberry author of the bestselling Emotional Intelligence 2.0 that has sold millions of copies worldwide In Emotional Intelligence Habits Dr Bradberry the world's foremost expert on EQ offers an abundance of practical strategies that will teach you how to form good habits break bad ones and master the micro behaviors that will take your EQ to new heights The book includes a passcode to the updated online edition of the world's 1 EQ assessment the Emotional Intelligence Appraisal which will show you where your EQ stands today and which new habits from the book will help increase your EQ By now emotional intelligence EQ needs little introduction it's no secret that EQ is critical to your success personally and professionally But knowing what EQ is and how to use it to improve your life are two very different things Emotional Intelligence Habits offers a proven framework for increasing your EQ via tiny habits that can yield big results Step by step you'll learn the key habits that will increase your core EQ skills Self Awareness Self Management Social Awareness Relationship Management Dr Bradberry is known for his ability to turn complicated topics into simple behaviors that you can easily apply to your life and work He draws on decades of experience and the latest research in psychology and neuroscience to create an easy to follow guide for increasing your EQ He will teach you how to overcome a lack of motivation and willpower to form powerful new habits increase your confidence likeability happiness self control and mental strength form strong relationships by mastering conflict communication and neutralizing toxic people beat stress increase your productivity and become a great leader Emotional Intelligence Habits will radically alter how you see yourself and the world around you Better yet it will give you the tools you need to rewrite your daily habits and transform yourself as you work to achieve your goals **Applied And Community Psychology (2 Vol. Set)** Surya Kumar Srivastava, 2005 **What Makes a Leader? (Harvard Business Review Classics)** Daniel Goleman, 2017-06-06 When asked to define the ideal leader many would emphasize traits such as intelligence toughness determination and vision the

qualities traditionally associated with leadership Often left off the list are softer more personal qualities but they are also essential Although a certain degree of analytical and technical skill is a minimum requirement for success studies indicate that emotional intelligence may be the key attribute that distinguishes outstanding performers from those who are merely adequate Psychologist and author Daniel Goleman first brought the term emotional intelligence to a wide audience with his 1995 book of the same name and Goleman first applied the concept to business with a 1998 classic Harvard Business Review article In his research at nearly 200 large global companies Goleman found that truly effective leaders are distinguished by a high degree of emotional intelligence Without it a person can have first class training an incisive mind and an endless supply of good ideas but he or she still won't be a great leader The chief components of emotional intelligence self awareness self regulation motivation empathy and social skill can sound unbusinesslike but Goleman found direct ties between emotional intelligence and measurable business results The Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world and will have a direct impact on you today and for years to come

Psychologized Language in Education Zvi Bekerman, Michalinos Zembylas, 2017-10-02 This book explores how psychologized language has come to dominate education and schooling Taking a critical lens to some major constructs in education e.g. the mind the self identity emotion emotional intelligence motivation culture language and meaning and their grounding in psychologized discourses the authors suggest possible ways to overcome these psychologized discourses and remedy their consequences The book invites readers to move away from static reified conceptualizations to a more active social understanding of what education is all about
