**Summary and Analysis of Mindset: The New Psychology of Success** Worth Books,2017-04-25 So much to read so little time This brief overview of Mindset The New Psychology of Success tells you what you need to know before or after you read Carol Dweck's book Crafted and edited with care Worth Books set the standard for quality and give you the tools you need to be a well informed reader This short summary and analysis of Mindset includes Historical context Chapter by chapter overviews Profiles of the main characters Detailed timeline of events Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About Mindset The New Psychology of Success by Carol Dweck Why do some people flourish when faced with a challenge while others crumble This is the question that has defined Stanford psychology professor Carol Dweck's decades of research resulting in her ground breaking theory of mindset Dweck believes that talent and intelligence do not tell the full story about one's ability to achieve Instead what determines personal success is whether one has a fixed or growth mindset

the first is a belief that our qualities and strengths cannot be altered and the second way of thinking supports the idea that they can change over time Based on meticulous research and with anecdotes about successful CEOs athletes artists and educators who achieved greatness through attitude as much as ability Mindset offers new ways of thinking about motivation and personal development The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction
