Christian Ethics Norman L. Geisler, 2010 This update of a classic text evaluates contemporary ethical options and pressing issues of the day from a biblical perspective *Options in Contemporary Christian Ethics* Norman L. Geisler, 1981-01-01

**Exploring Christian Ethics** Craig Hovey, 2018-07-18 A fresh engaging and thoroughly biblical account of Christian ethics for the twenty first century Studying Christian ethics tends to involve talking about what we should or more often shouldn't do The aim of this book however is to explore Christian ethics within a wider more positive framework one that encourages a joyful way of living that flows naturally out of the abundant goodness of God's life and character as revealed in Christ

**Christian Ethics as Witness** David Haddorff, 2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God's gracious action to be with and for others and the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood a witness to God's action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth's theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God's gracious action Christians remain free to think and act in faith hope and love in response to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future

Christian ethics and apply them in making concrete judgments about a number of very specific contemporary moral problems relating to the economy war and violence medicine sexuality and the environment Facing Ethical Issues is must reading for anyone wishing to make sense of our increasingly complex world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Acting Person and Christian Moral Life* Darlene Fozard Weaver,2011-11-18

What may we say about the significance of particular moral actions for one s relationship with God In this provocative analysis of contemporary Catholic moral theology Darlene Fozard Weaver shows the person as a moral agent acting in relation to God Using an overarching theological context of sinful estrangement from and gracious reconciliation in God Weaver shows how individuals negotiate their relationships with God in and through their involvement with others and the world Much of current Christian ethics focuses more on persons and their virtues and vices exemplified by the work of virtue ethicists or on sinful social structures illustrated in the work of liberation theologians These judgments fail to appreciate the reflexive character of human action and neglect the way our actions negotiate our response to God Weaver develops a theologically robust moral anthropology that advances Christian understanding of persons and moral actions and contends we can better understand the theological import of moral actions by seeing ourselves as creatures who live move and have our being in God **The Quest for Human Dignity in the Ethics of Pregnancy Termination** Tom Joel

Obengo,2016-06-22 The Quest for Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy with special attention to its prevalence in Kenya where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age Although pregnancy termination is illegal in Kenya its practice goes on in the rural villages in homes in urban streets and in private clinics The book focuses on the ethical quest for human dignity in the context of the church s response to the challenge of termination of pregnancy It examines the perceptions and attitudes of various cadres of Christians such as church ministers doctors and lawyers towards the problem The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy including those pregnancies arising out of rape and incest Findings support the current legal framework that prohibits pregnancy termination but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same The book suggests in addition that the church s role should emphasize counseling teaching and pastoral care rather than ex communication and public rebuke **Norm and Context in**
