Orbitsville Judgement Bob Shaw, 2012-09-18 Orbitsville is the scene of two of Bob Shaw's most successful novels and is possibly the most gigantic artefact ever dreamed up by an SF writer a vast hollow world completely enclosing its sun habitable across its entire inner surface At the end of ORBITSVILLE DEPARTURE the whole world was shifted to an alternative universe In a conclusion which is both stunning and moving ORBITSVILLE JUDGEMENT tells what happens next

Orbitsville Judgement Bob Shaw, 1992-02-01 Science fiction roman *Space for Peace* Richard Howard, 2021-02-01 Science fiction might not be the first thing that springs to mind when we think of Irish literature But in the post war period in Belfast two authors Bob Shaw and James White began producing science fiction stories eventually selling them to international markets and gaining the respect of luminaries such as Arthur C Clarke Brian Aldiss and Stanley Kubrick Although lauded in the international science fiction scene for their innovations in the genre Shaw and White's work has been relatively ignored within Irish Studies This book connects the emergence of science fiction in Belfast with the position of the city as the locus of technological development on the island of Ireland and the development of a corresponding technological imaginary Breaking new ground in the study of Irish modernity Richard Howard draws parallels between the narratives of Shaw and White and the persistent influence of historical narratives embodied by the two traditions paradigm in the region as well as exploring the figure of the alien both in science fiction and in the history of Northern Ireland He also considers the works of Shaw and White as utopian gestures against the backdrop of the Irish Troubles finding both repressive and redemptive elements therein The book makes an important contribution to the growing conversation about Irish science fiction and our understanding of modernity in Ireland

Want to try gothic romances but are not sure where to start? Know that your favourite author writes spy stories but also writes science fiction under another as yet unknown name? *Now Read On* will solve all these problems. It is a guide to popular modern fiction divided up into writing genres such as historical novels, macabre stories, and science fiction. Each author entry within these novel types gives a brief life history, outlines the writer's style, and lists all the relevant published titles. In addition a *Now Read* list indicates authors who write in a similar vein. Much has changed since the first edition. New writers have established themselves as genre writers, some have switched from one area of writing to another or have even added a new interest to an old one. Around 450 titles have been added to authors listed in the first edition, particularly in Family Stories and Police Work. 60 new names have been selected and one new genre, Women Detectives, has been created. All this is backed up by an author index and a list of characters that reappear in related stories and series. The winners of the relevant book prizes over the last 25 years are also included. This book will prove invaluable to readers, booksellers, and library staff for anyone who wants to expand their fiction reading interests or advise others on the next good read.
