ILLUSTRATED IN COLOR Many people who would like to dedicate themselves to this hobby ask themselves Will I have the chance to organize a large greenhouse Will I have enough time to look after such fragile plants Will I be able to support the necessary financial commitment These questions are wrong the main question you need to ask yourself to see if you will be a good grower is another what feeling do I have with orchids The orchid is a unique flower in its eccentric perfection it does not know the banality It does not grow in an impersonal environment it is elegant in all its aspects aristocratic in its needs It blooms only if it finds the right conditions around it In the East the perfection of the orchid is a symbol of purity In the West the orchid is related to love and sensuality therefore it becomes the symbol of passionate love In its almost black flowered varieties the orchid is also associated with the dark mystery and witchcraft People who are attracted to orchids are sensual and innocent simple and sophisticated They love luxury The roots of the orchid can feed on air by filtering nourishment from nothing they are intricate but light Who loves the orchid is very selective in his choices he accepts to let only a small circle of people enter his life Therefore if you wish to dedicate yourself to the cultivation of orchids you should not ask yourself how much it costs The right questions are these Do I have an independent temperament Do I have my own class and my original elegance Am I capable of innocence and passion dedication and betrayal I only ask for the best from my life and the people I surround myself with If all the answers are yes you are the ideal candidate for growing orchids You don t need much else In fact it is possible to grow orchids even in a small vase held on the windowsill as you would do with basil Some varieties may require temperature and humidity which is not difficult to recreate in an ordinary apartment or on a balcony Other varieties can grow outdoors in the garden If you really want to dedicate yourself to the cultivation of orchids you will surely find the
