Reaching for the Canopy Kylie Bullo, 2015 Temara had done her species proud and proven that captive orangutans do have a place in the jungle of tomorrow I felt honoured that I was by her side during the first part of her remarkable world first journey In 2006 Kylie Bullo and her colleagues at Australia's Perth Zoo were part of a bold groundbreaking experiment that many experts believed was doomed to failure to return a zoo born orangutan to the wild The orangutan they chose was Temara a fiery redhead with a will of her own Temara had always been strong intelligent and independent but preparing for the return to the jungles of her ancestors would put all her best qualities and those of her keepers to the test Reaching for the Canopy is the story of that remarkable journey and of the remarkable woman who helped make it happen The book proves that the right blend of passion compassion and hard work can achieve what many thought was impossible It brings new hope to those fighting to bring this magnificent creature back from the brink of extinction Part of the proceeds on the sale of this book will go towards orangutan conservation projects Librarians ebook available on ProQuest and EBSCO Subject Memoir Zoology Orangutans Anne E.
