Global Trend Urban Fantasy

Allen J. Scott

Global Trend Urban Fantasy:

Images of the Anthropocene in Speculative Fiction Tereza Dedinová, Weronika Laszkiewicz, Sylwia Borowska-Szerszun, 2021-03-01 In order to demonstrate that speculative fiction provides a valuable contribution to the discussion about the challenges of the Anthropocene *Images of the Anthropocene in Speculative Fiction* investigates a range of novels whose subject matter pertains to various aspects of the Anthropocene. These include the destruction and protection of the natural environment, the relationship between human and non-human inhabitants of the planet, the role of myth in the shaping of and combat against the Anthropocene, the political dimensions of the Anthropocene, the ensuing threat of the Apocalypse and the role of post-apocalyptic narratives. To explore these topics, our authors examine the works of Patricia Briggs, M.R. Carey, Dmitry Glukhovsky, Ursula K. Le Guin, N.K. Jemisin, Stephenie Meyer, China Miéville, James Patterson, Maggie Stiefvater, J.R.R. Tolkien, and Scott Westfield. Their essays demonstrate that speculative fiction, given its ability to pursue scenarios of alternative history and present familiar things in an unfamiliar way, can alter the readers' perception of their duties and responsibilities towards their communities and the world, so that the threat of human-wrought destruction might ultimately be averted.

The Palgrave Handbook of Global Fantasy Elana Gomel, Danielle Gurevitch, 2023-06-07 This handbook is the first of its kind comprehensive overview of fantasy outside the Anglo-American hegemony. While most academic studies of fantasy follow the well-trodden path of focusing on Tolkien, Rowling, and others, our collection spotlights rich and unique fantasy literatures in India, Australia, Italy, Greece, Poland, Russia, China, and many other areas of Europe, Asia, and the global South. The first part focuses on the theoretical aspects of fantasy, broadening and modifying existing definitions to accommodate the global reach of the genre. The second part contains essays illuminating specific cultures, countries, and religious or ethnic traditions. From Aboriginal myths to self-representation of Tibet, from the appropriation of the Polish Witcher by the American pop culture to modern Greek fantasy that does not rely on stories of Olympian deities, and from Israeli vampires to Talmudic sages, this collection is an indispensable reading for anyone interested in fantasy fiction and global literature.

Medievalisms in a Global Age Angela Jane Weisl, Robert Squillace, 2024 Discusses contemporary medievalism in studies ranging from Brazil to West Africa, from Manila to New York. Across the world, revivals of medieval practices, images, and tales flourish as never before. The essays collected here, informed by approaches from Global Studies and the critical discourse on the concept of a Global Middle Ages, explore the many facets of contemporary medievalism. Post-colonial responses to the enforced dissemination of Western medievalisms attempts to retrieve pre-modern cultural traditions that were interrupted by colonialism, the tentative forging of a global medieval imaginary from the world's repository of magical tales and figures, and the deployment across borders of medieval imagery for political purposes. The volume is divided into two sections dealing with Local Spaces and Global Geographies. The contributions in the first consider a variety of medievalisms tied to particular places across a broad geography, but as part of a larger transnational medievalist dynamic.

Those in the second focus on explicitly globalist medievalist phenomena whether concerning the projection of a particular medievalist trope across borders or the integration of medieval pasts from different parts of the globe in a contemporary incarnation of medievalism A wide range of topics are addressed from Japanese manga and Arthurian tales to The O Trilogy of Maurice Gee Camus and Dungeons and Dragons Fantasy Global Appeal Nakoa Rainfall,AI,2025-02-19 Fantasy Global Appeal explores the captivating global phenomenon of fantasy literature a genre often seen as pure escapism The book investigates how fantasy has profoundly impacted various cultures reflecting societal values and anxieties across different landscapes Interestingly the study highlights how fan communities play a vital role in shaping and expanding the fantasy genre s reach acting as a mirror that reflects cultural aspirations This book meticulously traces fantasy s evolution from its mythological and folklore roots to modern novels films and games It examines how cultural exchange and adaptation have shaped reception in diverse regions highlighting the genre s unique ability to resonate with fundamental human needs offering frameworks for understanding identity and morality The analysis progresses through key characteristics like world building explores case studies across Western and non Western contexts and addresses ethical considerations of cultural appropriation Ultimately Fantasy Global Appeal provides a comprehensive understanding of fantasy s worldwide impact by combining literary analysis with social science methodologies It moves beyond a focus on Western fantasy offering insights into globalization cultural exchange and the intricate relationship between fantasy and reality **Urban Tunnels Role**

Benjamin Ramirez,AI,2025-02-26 Urban Tunnels Role explores the hidden world of underground infrastructure and its vital role in modern cities This book highlights how urban tunnels support essential utilities like water and electricity and transportation systems such as subways impacting urban development resilience and sustainability Intriguingly underground infrastructure has evolved alongside urban development initially serving basic sanitation needs and expanding to meet current challenges like population density and climate change The book emphasizes the importance of tunnels for efficient utility distribution and transportation networks It examines geological considerations excavation techniques and structural engineering principles providing a comprehensive understanding of tunnel construction By understanding these subterranean networks cities can optimize resource allocation and minimize environmental impact Beginning with the historical development of urban tunneling the book progresses through utility and transportation aspects featuring global case studies of successful tunnel implementation It concludes by exploring future trends like smart tunnels showcasing how advanced monitoring systems contribute to smart city initiatives This approach ensures readers gain a holistic view of urban tunneling s role in shaping sustainable and resilient urban centers The Urban Question in Africa Padraig R. Carmody,James T. Murphy,Richard Grant,Francis Y. Owusu,2023-09-28 Illuminates the path to more generative urban transitions in Africa s cities and developing rural areas Africa is the world s most rapidly urbanizing region The predominantly rural continent is currently undergoing an urban revolution unlike any other generally taking place without

industrialization and often characterized by polarization poverty and fragmentation While many cities have experienced construction booms and real estate speculation others are marked by expanding informal economies and imploding infrastructures The Urban Question in Africa Uneven Geographies of Transition examines the imbalanced and contested nature of the ongoing urban transition of Africa Edited and authored by leading experts on the subject this unique volume develops an original theory conceptualizing cities as sociotechnical systems constituted by production consumption and infrastructure regimes Throughout the book in depth chapters address the impacts of current meta trends global geopolitical shifts economic changes the climate crisis and others on Africa s cities and the broader development of the continent Presents a novel framework based on extensive fieldwork in multiple countries and regions of the continent Examines geopolitical and socioeconomic topics such as manufacturing in African cities the green economy in Africa and the impact of China on urban Africa Discusses the prospects for generative urbanism to produce and sustain long term development in Africa Features high quality maps illustrations and photographs The Urban Question in Africa Uneven Geographies of Transition is essential reading for undergraduate and postgraduate students in geography urban planning and African studies academic researchers geographers urban planners and policymakers

The Urban Caribbean in an Era of Global Change Robert B. Potter,2000 Based on the author s first hand field research this book addresses the twin processes of urbanization and globalization as they affect the contemporary Caribbean region One of the key aims of the book is to focus attention on the fact that contrary to popular perceptions the Caribbean is highly urbanized Indeed statistics show that the region is more highly urbanized than the world taken as a whole In addition the fact that the Caribbean region has always been affected by processes of globalization in respect of its economy polity and society is central to the text The chapters cover pressing topics such as urban change and the evolution of mini metropolitan regions the importance of the mercantile and plantopolis frameworks tourism post modernity and the urban nexus economic change and the dual processes of global convergence and divergence and the nature of the relationships existing between the state the informal sector housing and environmental conditions In reality it is shown that the development of tourism and enclave manufacturing is leading to new forms of urban concentration and not spatial dispersal

Urban Land ,1998 **American Urban Politics in a Global**

Age Paul Kantor,Dennis R. Judd,2008 In this thoroughly revised reader two leading scholars bring together a collection of readings that highlight the most important trends in urban scholarship today The engaging selections incorporated into American Urban Politics in the Global Era are arranged and presented within a clear thematic structure and with commentaries by the editors In addition to the political economy perspective emphasized in previous editions of the reader this new edition highlights the impact of globalization on urban politics and policy today The historical and contemporary readings reveal how the interaction of local national and international forces is reshaping the political landscape of urban America **The Paranormal** Kenneth Partridge,2009 Surveys various supernatural phenomena from ghosts and extra

sensory perception ESP to UFOs and cryptozoology examining whether they have any scientific validity and why people find them so fascinating Chapter headings include Why We Believe America's Haunted Army Is There Anybody Out There and The Myth Hunters **International Seminar on Urban Culture Arte-Polis** ,2006 **International Perspectives in Urban Studies** ,1997 Gifted and Talented International ,1994 Architecture ,2005 **Traditional Dwellings and Settlements Review** ,2007 **Art and AsiaPacific** ,2006 **The Publishers Weekly** ,2009 Global Problems Scott Sernau,2009 This text uses sociological perspectives to examine the various dimensions of globalization and the social problems of inequality war and violence and environmental sustainability that are occurring on a global scale Clear writing and vivid examples help students to better understand their role as global citizens The book is divided into three parts Part I focuses on the challenges of global inequalities in life chances wages and work gender and education Part II focuses on conflict and violence at all levels from crime to politics terrorism to war Part III focuses on the issue of sustainability and the problems of urbanization crowding and environmental destruction Business World ,2001-05 Social Economy of the Metropolis Allen J. Scott,2008-11-20 This book is about the renaissance of cities in the twenty first century and their increasing role as centers of creative economic activity Allen Scott is one of the world's foremost thinkers on globalization and the economies of modern cities and in this book presents a concise introduction to his innovative and insightful perspective

Global Trend Urban Fantasy Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has been much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **Global Trend Urban Fantasy**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall affect on readers.
